AGENDA ITEM #1

AGENDA ITEM: 1

MEETING DATE: July 17, 2023

I. NATURE OF ITEM

Public Hearing Regarding Placing Sewer Service Charges on the County Tax Roll for Fiscal Year 2023-2024. Consideration and Approval of Resolution No. 23-705 Overruling Objections and Adopting Report on Sewer Service Charges to be collected on the Tax Roll for Fiscal Year 2023-2024.

II. BACKGROUND INFORMATION

On June 20, 2023, the Governing Board of the Goleta Sanitary District adopted Resolution No. 22-704, providing for the collection on the tax roll of sewer service charges for FY 2023-24 and set a public hearing on the matter for July 17, 2023. A notice of this hearing was properly published as required. The purpose of this hearing is to give the public an opportunity to weigh in on the placement of the sewer service charges on the tax roll.

A report of proposed sewer service charges to be collected on the tax roll has been prepared and is available for public review. The sewer service charges for FY 2023-24 are ready to be submitted to the Santa Barbara County Auditor-Controller for incorporation into the tax roll. The County Auditor-Controller must receive this information by August 10, 2023 to be included on the 2023-2024 tax roll. These charges were adopted under District Ordinance No. 90 on July 16, 2018. No other changes to the District's sewer service fees have been made.

III. COMMENTS AND RECOMMENDATIONS

It is recommended that the District hold its public hearing on the collection of these sewer service charges on the tax roll and solicit input from members of the public before final action is taken by the Governing Board.

Resolution No. 23-704

Resolution No. 23-705

Goleta Sanitary District Sewer Service Charges Report

RESOLUTION NO. 23-704

**RESOLUTION OF THE GOVERNING BOARD OF THE GOLETA
SANITARY DISTRICT ELECTING TO HAVE SEWER SERVICE CHARGES
COLLECTED ON THE TAX ROLL FOR FISCAL YEAR 2023-24, DIRECTING
THE PREPARATION AND FILING OF REPORT, FIXING TIME AND PLACE
FOR HEARING, AND PROVIDING FOR NOTICE THEREOF**

WHEREAS, the Governing Board of the Goleta Sanitary District (the “District”) has passed and adopted an ordinance prescribing sewer service charges; and

WHEREAS, pursuant to California Health and Safety Code Section 5473 et seq., the Governing Board desires to have said service charges for Fiscal Year 2023-24 (the “Service Charges”) collected on the Santa Barbara County tax roll with the general taxes.

NOW, THEREFORE, IT IS HEREBY RESOLVED as follows:

1. Pursuant to Health and Safety Code Section 5473, the election is hereby made to have the Service Charges collected on the Santa Barbara County tax roll in the same manner, by the same persons, at the same time as, together with, and not separately from, the general taxes.

2. District staff is directed to prepare and file with the Secretary of the Board a written report containing a description of each parcel of real property receiving sewer service and the amount of the Service Charges for each such parcel (the “Report”).

3. A hearing on the Report shall be held before this Board on Monday, July 17, 2023, at 6:30 p.m., at One William Moffett Road, Goleta, California.

4. Pursuant to Health and Safety Code Section 5473.1, the Secretary shall cause a notice of the filing of the Report and of the time and place set for the hearing, at which oral or written presentation can be made, to be published pursuant to Government Code Section 6066 once a week for two successive weeks preceding said hearing with at least five (5) days intervening between the respective publication dates, not counting such publication dates, and the first publication date being not less than fourteen (14) days prior to the date set for hearing.

5. The Secretary is hereby authorized and directed to sign and publish said notice on behalf of the Board as ordered above.

6. The above-mentioned notice shall be in the form set forth in Exhibit “A” attached hereto and by this reference made a part hereof.

PASSED AND ADOPTED this 20th day of June, 2023, by the following vote of the Governing Board of the Goleta Sanitary District.

AYES: **Rose, Fuller, Smith, Majoewsky, Emerson**

**NOTICE OF FILING AND HEARING
ON REPORT OF SEWER SERVICE CHARGES
LEVIED BY THE GOLETA SANITARY DISTRICT**

NOTICE IS HEREBY GIVEN that, pursuant to Section 5473 of the California Health and Safety Code, there has been filed with the Secretary of the Goleta Sanitary District, a report containing: (a) a proposal to have sewer service charges for the Fiscal Year 2023-24 collected on the tax roll, (b) a description of each parcel of real property receiving services and facilities furnished by the Goleta Sanitary District in connection with its wastewater system, and (c) the amount of the sewer service charge to be levied upon each parcel for the Fiscal Year 2023-24, computed in conformity with the charges prescribed by an ordinance duly passed and approved by the Governing Board of the Goleta Sanitary District; and that the time and place for a hearing on said report has been set for Monday, July 17, 2023 at 6:30 p.m., at the office of the Goleta Sanitary District, One William Moffett Place, Goleta, California 93117.

Robert O. Mangus, Jr.
Secretary of the Governing Board

RESOLUTION NO. 23-705

**RESOLUTION OF THE GOVERNING BOARD
OF THE GOLETA SANITARY DISTRICT
OVERRULING OBJECTIONS AND ADOPTING REPORT
ON SEWER SERVICE CHARGES TO BE COLLECTED
ON TAX ROLL FOR FISCAL YEAR 2023-2024**

WHEREAS, on June 20, 2023, the Governing Board of the Goleta Sanitary District adopted Resolution No. 23-704 providing for the collection on the tax roll of sewer service charges for fiscal year 2023-2024;

WHEREAS, pursuant to Resolution No. 23-704, District staff has prepared and filed with the Secretary of the Board a written report containing a description of each parcel of real property receiving service and/or facilities and the amount of the sewer service charges for each such parcel (the "Report");

WHEREAS, in Resolution No. 23-704, this Board appointed the time and place of a hearing on the Report and directed the Secretary to provide notice of the hearing;

WHEREAS, such notice was given in the manner provided by law as appears by the affidavit of publication on file in the office of the Secretary; and

WHEREAS, a public hearing was held on July 17, 2023 at 6:30 p.m. at which the Board heard and considered all objections and protests to the Report.

NOW, THEREFORE, IT IS HEREBY FOUND AND ORDERED as follows:

1. That protest was not made by the owners of a majority of separate parcels of property described in the Report, and that all objections and protests to the Report are overruled.
2. The Report and the charges therein are adopted and determined to be final, and the charges shall be collected on the tax roll of the County of Santa Barbara in the manner provided by law.
3. The Secretary of the District is directed to file with the County Auditor-Controller of Santa Barbara County, on or before the 10th day of August, 2023, a copy of the Report, upon which shall be endorsed over his signature a statement that the report has been finally adopted by this Board.
4. The County Auditor-Controller of Santa Barbara County shall, upon receipt of the Report, enter the amount of the charges set forth therein against the respective lots or parcels as they appear on the assessment roll for fiscal year 2023-2024.

PASSED AND ADOPTED this 17th day of July, 2023, by the following vote of the Governing Board of the Goleta Sanitary District:

AGENDA ITEM #2

AGENDA ITEM: 2

MEETING DATE: July 17, 2023

I. NATURE OF ITEM

Consideration of Request to Enter into a Reimbursement Agreement for the Ridgway Sewer Main Extension on Anderson Lane Near Shoreline Drive

II. BACKGROUND INFORMATION

Rich Ridgway and Kalley Ridgway Liehr, owners of 1475 Anderson Lane have expressed interest in extending the existing sewer main line on Shoreline Drive near the south end of Patterson Avenue approximately 2,000 linear feet to their property at the south end of Anderson Lane. They previously submitted a request to enter into a reimbursement agreement with the District for this sewer extension. This request was considered by the Board at the May 15, 2023 board meeting. The Board instructed staff and legal counsel to prepare a draft agreement for Board consideration. A draft agreement has been prepared and is presented herein for Board consideration.

III. COMMENTS

The following properties can connect to the sewer extension upon completion of the sewer extension or after annexation to the District as noted.

5310 Dorwin Lane (SFR)	APN 065-260-005	1 Single Family Residence
1475 Anderson Lane	APN 065-250-021	1 SFR - Ridgway Property
1465 Anderson Lane	APN 065-250-038	Nursery
1451 Anderson Lane	APN 065-250-020	1 SFR
1449 Anderson Lane	APN 065-250-046	1 SFR
1405 Anderson Lane	APN 065-250-032	Nursery – Not Annexed
1385 Anderson Lane	APN 065-250-031	Nursery – Not Annexed
1365 Anderson Lane	APN 065-250-016	1 SFR
1215 Anderson Lane	APN 065-250-015	1 SFR
1205 Anderson Lane	APN 065-250-014	1 SFR
1185 Anderson Lane	APN 065-250-033	8-unit apt complex
1175 Anderson Lane	APN 065-250-013	2 SFRs
1116 More Ranch Road	APN 065-250-034	1 SFR
1396 Anderson Lane	APN 065-250-044	Nursery – Not Annexed

The District hosted a meeting of the Anderson Lane residents on Thursday, June 22, 2023. There were approximately twenty (20) residents in attendance. Several of the Anderson Lane property owners expressed interest in connecting to a public sewer. The costs of this sewer extension have been preliminarily

estimated to be approximately \$750,000. As such, the Ridgeways seek to recoup a portion of their costs via a reimbursement agreement with the District. The draft Reimbursement Agreement is attached for Board consideration. The term of the agreement is set for 10 years and allows for an adjustment to the cost per parcel based on a published construction price index.

Ridgway Request Letter to Enter into Reimbursement Agreement, dated May 5, 2023

Ridgway Request Letter received July 14, 2023 requesting a 20 year term.

Draft Reimbursement Agreement

GSD Sewer Service Availability Letter, dated December 14, 2022

May 5th, 2023

Dear Goleta Sanitary District Board Members,

We are writing to introduce the possible extension of a public sewer line into our neighborhood. Specifically, we would like to request an extension of the reimbursement window for the costs associated with this sewer line.

The proposed new sewer line would run from an existing manhole in Patterson Avenue for a total of 2,100 feet up to our Anderson Lane property. There are currently 13 other properties that front on Anderson Lane that could hook-up to this sewer line. All are currently on septic systems and most are failing. We all know that connection to a public sewer system is the right long-term solution for all of our properties, but no one wishes to or can afford to take this project on alone.

My daughter and I, as owners of 1475 Anderson Lane, are aware that we'd be responsible for all aspects of the design, construction, and upfront payment of all associated costs. We've already had several meetings with your staff, site visits with various contractors and consultants, and have a good idea of the overall scope and cost of this project. We know enough already to see that, only with reimbursement from our neighbors, will we continue to move forward with this project. A key component to achieving reimbursement is a reasonable reimbursement window.

We understand that the current GSD policy for reimbursement agreements sunsets in five years. Our worry is that, if the reimbursement window closes in only five years, property owners will limp along with their failing septic systems until the window closes at which point they can hook-up for "free". We wouldn't go forward with this project if that was the case.

In order to give us the confidence that a greater percentage of neighbors will reimburse, we are requesting an extension of the reimbursement window. We know that the Orchid Estates neighborhood (not far down the road from us) was given a 20 year reimbursement window when they installed their sewer line. The scope of our project is similar in size and thus we'd hope for a 20 year window as well. However, if a term of that length is no longer an option with GSD, we feel somewhere in the 10-20 year range is reasonable. We will likely not move forward with this project if the term was less than 10 years.

During the May 15th Board Meeting, we would like to share the details of the design so you can better understand the scope of this project; we hope we can agree upon a reasonable reimbursement window in order to keep this project moving forward. We look forward to meeting with you on the 15th.

Very Truly Yours,

Rich Ridgway & Kalley Ridgway Liehr

Dear Goleta Sanitary District Board Members,

Thank you for meeting with us back in May regarding our sewer line extension project along Anderson Lane. We appreciate your consideration of the circumstances. As we discussed, this is a very extensive and costly project we are soon to undergo. Although there are 13 properties that will benefit from the installation of this sewer line, we as the Ridgway Family, will be solely managing and funding this endeavor. We are writing again to request a further extension of the term of our reimbursement agreement.

We ask that a 20-year reimbursement term be granted for our project. While we've received lots of positive support from many neighbors, we know there are some who may choose to wait out a 5-10 year term and hook up to sewer at that time when the cost is negligible. We feel this possibility is unfair and poses serious risk to reimbursement of the ~\$750,000 we anticipate to pay for this project.

We hope the GSD Board can understand the daunting project we are facing and provide support by granting a 20-year reimbursement term. We are aware that for the Orchid Estates sewer line extension project you granted a 20-year reimbursement term; we ask that we be granted a similar term. We acknowledge that it could be a longer period of time for the Goleta Sanitary District to track these reimbursements, but see that the only entity potentially damaged in the end would be us. We're willing to take that risk if that's the only downside you see of a 20-year term.

Thank you for your consideration.

Sincerely,

Rich Ridgway & Kalley Ridgway Liehr

REIMBURSEMENT AGREEMENT

THIS REIMBURSEMENT AGREEMENT (this “Agreement”), dated for reference purposes as of _____, is made and entered into by and between the **GOLETA SANITARY DISTRICT**, a public agency (the “District”), and **RICHARD L. RIDGWAY AND SALLIE T. RIDGWAY, AS TRUSTEES OF THE RIDGWAY 2017 IRREVOCABLE TRUST #2 DATED DECEMBER 18, 2017** (“Owner”).

Recitals

A. Owner is the owner of that certain real property consisting of a legal parcel located at 1475 Anderson Lane, Santa Barbara, California 93111 within the Goleta Sanitary District service area and designated as Santa Barbara County Assessor’s Parcel No. 065-250-021 (the “Owner Parcel”). The Owner Parcel is depicted graphically on the map attached hereto as Exhibit “A”.

B. Owner will construct, at Owner’s expense, a sewer main line extension and appurtenances thereto to provide sewer service to the Owner Parcel by connecting to the District’s existing public sewer main line located within the South Patterson Avenue/Shoreline Drive right of way near the intersection of Anderson Lane (the “Sewer Extension”).

C. Thirteen (13) additional parcels located on Anderson Lane and Dorwin Lane in the vicinity of the Owner Parcel currently utilize individual private septic systems but could in the future utilize the Sewer Extension constructed by Owner to connect to the District’s public sewer system and receive service from the District (the “Benefited Parcels”). The Benefited Parcels are depicted graphically on the map attached hereto as Exhibit “A”.

D. The Owner Parcel and the Benefited Parcels constitute fourteen (14) separate legal parcels. Accordingly, it is equitable to allocate one-fourteenth (1/14) of the cost of the Sewer Extension to any Benefited Parcel that, within the term of this Agreement, is issued a permit by the District to use the Sewer Extension to connect to the District’s public sewer system and receive service from the District. The costs associated with the construction of the Sewer Extension which are eligible for allocation to the Benefited Parcels shall be determined by the District as set forth in Section 4 of this Agreement.

E. The parties desire to enter into this Agreement to provide for the payment of reimbursement charges to Owner when, within the term of this Agreement, Benefited Parcels are issued permits by the District to use the Sewer Extension to connect to the District’s public sewer system.

F. On November 6, 2017, the District adopted Resolution No. 17-621 establishing a policy for developer reimbursement agreements (the “Reimbursement Agreement Policy”). This Agreement is entered into in accordance with the provisions of said Reimbursement Agreement Policy, except as otherwise provided herein.

NOW THEREFORE, for valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. **Reimbursement Charge.** If during the term of this Agreement the owner of a Benefited Parcel is issued a permit by the District to use the Sewer Extension to connect to the District’s public sewer system, the District agrees to require such owner to pay a charge (the “Reimbursement Charge”) to the District to cover the Benefited Parcel’s share of Owner’s cost of constructing the Sewer Extension. Acceptance of the permit shall constitute Owner’s election to connect to and utilize the Sewer Extension. Said Reimbursement Charge shall be in addition to any connection fee, permit fee, inspection fee, service charge, or any other payment imposed by the District as a condition to permitting the connection to the District’s sewer system and providing sewer service. Nothing hereunder shall prevent the District from imposing fees or charges other than the Reimbursement Charge on any property.

2. **Cost of Living Adjustments.** The Reimbursement Charge shall be adjusted annually, effective as of the first day of January of each year, commencing January 1, 2025, by an amount equal to the percentage change in the Engineering News Record 20-City Average Construction Cost Index published for the immediately preceding October as compared to such index for October of the previous year.

3. **Reimbursement of Owner.** Subject to Section 5, below, any Reimbursement Charge imposed on a Benefited Parcel which is collected by the District during the term hereof, less a two percent (2%) administration fee which shall be retained by the District, shall be paid to Owner, or such assignee as Owner shall designate, within sixty (60) days from the date of receipt by the District.

4. **Eligible Reimbursement Costs.** The eligible reimbursement costs shall be determined by the District and shall include but not be limited to the items listed on Exhibit “B” attached hereto. Costs incurred by Owner that are eligible for reimbursement shall not include District Costs, as defined in the Reimbursement Agreement Policy, or costs associated with the individual sewer lateral serving the Owner Parcel.

5. **Reimbursement Limitations.** The total of all Reimbursement Charges paid to Owner or its assignee(s) hereunder shall not exceed thirteen-fourteenths (13/14) of the total

eligible reimbursement costs (as determined by the District in accordance with Section 4 and as adjusted to reflect the percentage change in the Engineering News Record 20-City Average Construction Cost Index) allocable to the Benefited Parcels. No payments shall be made to Owner or its assignee(s) from any fees or charges collected by the District other than the Reimbursement Charges imposed on Benefited Parcels.

6. **Term.** Unless terminated earlier as provided in Section 8 hereof, the term of this Agreement shall expire [redacted] () years from the date of approval of the District Letter of Acceptance for the sewer improvements by the District's Governing Board. Any Reimbursement Charges collected by the District following the expiration of the term of this Agreement shall belong to the District. Although the Reimbursement Agreement Policy provides that developer reimbursement agreements shall have a term of five (5) years, the District's Governing Board has determined that a [redacted] () year term is appropriate and reasonable in the case of this Agreement due to the long length and high cost of the Sewer Extension and the large number of Benefited Parcels.

7. **Assignment.** Owner's right to receive Reimbursement Charges hereunder is personal to Owner, shall not run with or be appurtenant to the Owner Parcel, and shall survive the sale by Owner of the Owner Parcel. Owner's rights hereunder may be assigned; provided, however, that any such assignment shall not release Owner from any obligations hereunder. Owner shall promptly notify the District of any such assignment.

8. **Prepayment by District.** The District may, at its option, at any time during the term hereof, pay to Owner the full amount of the Reimbursement Charges payable hereunder, at which time this Agreement shall terminate.

9. **Miscellaneous Provisions.**

9.1 **Notices.** Any notices permitted or required hereunder shall be in writing and shall be (a) given by personal delivery, (b) mailed by certified or registered mail, postage prepaid, return receipt requested, (c) sent by reputable overnight delivery service (e.g., UPS, Federal Express, or DHL), or (d) sent by email transmission using the contact information set forth below.

To the District:

Goleta Sanitary District
Attn: General Manager
1 William Moffett Place
Goleta, CA 93117
Email: info@goletasanitary.org

To Owner:

Richard and Sallie Ridgway
5399 Dorwin Lane
Santa Barbara, CA 93111
Email: [redacted]

Owner and any assignee of Owner's rights hereunder agree to keep the District informed regarding their current address and contact information at all times during the term of this Agreement. If they fail to do so, the District shall have no obligation to pay to Owner or such assignee any Reimbursement Charge collected by the District.

9.2 Successors. Subject to Section 7, above, this Agreement shall be binding upon and shall inure to the benefit of the respective successors, permitted assigns, executors, administrators and heirs of the parties.

9.3 Indemnification. Owner shall indemnify, defend and hold harmless the District and its directors, managers, officers, employees, agents, successors, and assigns from and against any and all damages, claims, demands, obligations, liens, liabilities, actions, causes of actions, proceedings, penalties, forfeitures, losses, costs or expenses, including attorneys' fees, arising in connection with the District's enforcement and/or administration of this Agreement, with the sole exception of liability arising as a direct result of the District's negligence.

9.4 Further Assurances. The parties agree to take such actions and execute such documents as may be reasonably required to carry out the intent of this Agreement.

9.5 Partial Invalidity. If any term or provision of this Agreement or the application thereof to any person or circumstance is, to any extent, determined to be invalid or unenforceable, the remainder of this Agreement, or the application of such term or provision to persons or circumstances other than those as to which it is determined to be invalid or unenforceable, shall not be affected thereby, and each such term and provision of this Agreement shall be valid and unenforceable to the fullest extent permitted by law.

9.6 Waivers. No waiver of any breach of any provision herein and no delay in enforcing performance of any obligation hereunder shall be deemed a waiver of any preceding or succeeding breach, or of any other provision herein, and no such waiver or delay shall impair any right, power or remedy relating to the breach. No extension of time for performance of any obligation or act shall be deemed an extension of the time for performance of any other obligation or act.

9.7 Professional Fees. In the event of any action or suit arising in connection with the enforcement or interpretation of any of the covenants or provisions of this Agreement, the prevailing party shall be entitled to recover all costs and expenses of the action or suit, including actual attorneys' fees, accounting fees and any other professional fees incurred in connection therewith.

9.8 Entire Agreement/Amendments. This Agreement (including all exhibits attached hereto) is the final expression of and contains the entire agreement between the parties with respect to the subject matter hereof and supersedes all prior understandings and communications with respect thereto. This Agreement may not be modified, changed, supplemented or terminated, nor may any obligations hereunder be waived, except by a written instrument signed by the party to be charged. The parties do not intend to confer any benefit hereunder on any person, organization or entity other than the parties hereto. All exhibits, schedules and appendices attached to this Agreement are incorporated herein by reference and are made a part hereof.

9.9 Construction. Headings at the beginning of each section, subsection, paragraph and subparagraph are solely for the convenience of the parties and are not a part of this Agreement. Whenever required by the context of this Agreement, the singular shall include the plural and the masculine shall include the feminine and vice versa. This Agreement shall not be construed as if it had been prepared by one of the parties, but rather as if both parties had prepared the same. Unless otherwise indicated, all references to sections, subsections, paragraphs and subparagraphs are to this Agreement.

9.10 Governing Law. The parties agree that (i) this Agreement shall be governed by, interpreted under and enforced in accordance with the laws of the United States of America and the State of California, (ii) in the event of any dispute, the parties shall be subject to the jurisdiction of the courts of the State of California, regardless of their place of residence, and (iii) in any action arising in connection with this Agreement, venue shall be in the County of Santa Barbara, State of California, United States of America.

9.11 Signatures/Copies. This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same instrument. If executed copies of this Agreement, or if any notices or other written communications permitted or required hereunder, are provided by one party to the other by email transmission, the email attachments and the signatures on such attachments shall for all purposes be treated as originals.

9.12 No Precedent. No precedent shall be established by this Agreement. The District shall not be required to enter into a reimbursement agreement or similar arrangement with any of the owners of the Benefited Parcels or with the owners of any other property in the future.

[Signatures are set forth on the following page.]

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date(s) set forth below.

**SUBJECT: Sewer Service Availability
Sewer Service Connection for One Single-Family Residence and a
detached ADU**

A.P.N. 065-250-021 at 1475 Anderson Lane, Santa Barbara CA

Dear Ms. Liehr:

This letter is in response to your recent inquiry relative to the availability of sewer service for the above-mentioned property

The subject property, as shown on the attached parcel map, is currently within the Goleta Sanitary District service area (sphere of influence) and is annexed to the District. Based on the District's preliminary understanding from the information you provided, you propose to demolish the existing home and construct and connect to the District's sewage collection facilities a new Single-Family Residence and a new detached ADU. Currently, the existing home is being served by a septic system.

Please be advised that adequate sewage collection, treatment, and disposal capacity is currently available to serve the proposed project and that the District does not currently have a moratorium or similar restriction on new sewer connections. Subject to the terms specified in this letter, and upon satisfaction of the conditions set forth in the attached Exhibit "A", the District will issue a sewer connection permit and authorize the connection of the project to the District's sewer collection system.

One William Moffett Place, Goleta CA 93117

(805) 967-4519 office (805) 964-3583 fax

www.GoletaSanitary.org

Although adequate sewer capacity is currently available to serve the project, issuing this letter does not guarantee sewer service by the District or reserve capacity for the project. The District provides all new sewer service on a first-come, first-serve basis, as determined from the date on which the connection permit is issued. The District cannot predict the pace of future development in the community and cannot anticipate the demand for new sewer service. In addition, the District is unable to predict what new regulatory requirements might be imposed in the future by Federal, State and/or local agencies, or exactly what effects said requirements might have on the District's ability to accept any new connections.

This letter does not constitute a sewer connection permit for the proposed project, but sets forth the terms on which a connection permit is issued. By providing this letter, the responsibility or liability for sewer service or matters pertaining to this project will not be the responsibility of the District.

Please note that the District's current assessment with respect to capacity availability, along with terms and conditions stipulated in Exhibit "A" for this project, are valid for two years from the date of this letter. At the end of the two-year period, the applicant, if still interested in the District's availability of service, must submit in writing a request for reassessment of its service conditions and capacity availability outlined in this letter.

If you have any questions regarding this matter please call Mr. Luis Astorga at this office.

Sincerely,

Steve D. Wagner, P.E.
General Manager/District Engineer

GSD General Construction Notes

cc: Luis Astorga, Goleta Sanitary District

EXHIBIT "A"

TERMS AND CONDITIONS

Applicant shall comply with all applicable District provisions of its Standards and Ordinances.

In the event it is necessary to construct a sewer main or trunk line extension and/or appurtenances thereto (the "Extension") to connect the project to the District's existing sewer collection system, the Extension shall be constructed, and any necessary easements shall be obtained, by and at the expense of the applicant. Upon completion of the Extension and the connection of the Project to the District's sewer system, the applicant shall execute and deliver to the District a Grant of Rights document in recordable form conveying the Extension to the District. The applicant shall also convey to the District any easements necessary to enable the District to properly operate, repair and maintain the Extension. This easement document must be executed, complete and ready for recordation. Enclosed is a copy of the District's General and Construction Notes which are to be included on the improvement plans.

Easements must be a minimum 15 feet wide and vehicle access easement must be a minimum 12 feet wide. Easement widths are based on the size and depths of the sewerlines. No trees or shrubbery may be planted within the GSD easement.

The site plans need to show the proposed 4" diameter building structure sewer connection, building floor and rim elevation of the upstream manhole from the proposed connection to the structure.

Building structures on the lot, not directly connected to a public sewer, will have to be separately connected with the public sewer upon subsequent subdivision of the lot.

Each property has to be separately connected to District facilities.

If there is an inability to achieve gravity flow from the building structure to the District's sewage collection facilities, an injector pump system design will need to be submitted to the County of Santa Barbara County Building and Safety Division for approval prior to connection of any portion of your force main sewer system. The design must include dual pump and alarm system.

A backflow preventer encased in a concrete vault with a metal lid, embossed with "sewer" or "clean-out", must be installed within the private property whenever the residential interior plumbing fixtures are lower than the District's upstream manhole rim elevation. This manhole is the next immediate manhole upstream from the structure sewer service connection to the main sewerline.

The Applicant shall provide the District with verification that a private and/or public sewer easement has been created, conveyed and recorded, thus allowing the connection of the project to the District's public sewer. The easement documentation shall include language expressly providing for: "The construction, installation, repair, operation and maintenance of the building and lateral sewer," which connect the project to the District's public sewer.

Once the plans and easement documents have been received, reviewed and accepted, the District will stamp the plans approved. A sewer connection permit may be obtained by the applicant once they have paid all applicable fees, posted all required bonds and satisfied all applicable ordinances, regulations, standards and requirements of the District and any other local, state or federal agency with jurisdiction over the project.

As of the date of this letter, the required District fees are as follows:

Connection Fees:

Single Family Dwelling Unit: **\$2,421.00 / Unit**
Apartment, Duplex, Mobile Home Space, Condominium Unit: **\$1,696.00 / Unit**
Connection fees for commercial/industrial and other non-residential establishments are based on the number of equivalent residential units (ERUs) of the proposed development. The number of ERUs are defined as the ratio of the proposed total number of plumbing fixtures of the proposed development and that of a single-family dwelling (20 fixture units per dwelling). The connection fee for the proposed development is determined by multiplying the proposed ERUs by the connection fee of a single-family dwelling. Under no circumstance shall the fee be less than that of a single-family dwelling.
Permit fee: **\$199.00** (for project)
Permit fee: **\$199.00** (for cleanout installation at property line only, inspection fee waived)
Industrial Waste Control Annual Permit fee: **\$135.00 to \$2,137.00** (Based on Discharger Classification)
Inspection fee: **\$199.00** (per residential or commercial building structure connection)
Inspection fee: **\$265.00** (per industrial/manufacturing building structure connection)
Inspection fee: **\$535.00** (per 100 feet of mainline extension)
Plan check and review fee: **\$135.00** per hour (**\$135.00** minimum fee)
Deposit, as required **\$500.00**

These fees are subject to periodic adjustments and applicant shall pay the fees in effect at the time application is made for a connection permit.

GOLETA SANITARY DISTRICT
GENERAL SEWER NOTES

1. *Revisions shall not be made to these plans without the approval of the District.*
2. *Before beginning work, the contractor shall obtain a permit to excavate in public road right of ways from the County of Santa Barbara or City of Goleta, as applicable.*
3. *If work is to be done in a state highway, a permit must be obtained from the State of California, Division of Highways, District 5, San Luis Obispo, California.*
4. *Prior to issuance of the required sewer connection permit or Notice to Proceed, the contractor shall obtain and file with the District, copies of: encroachment permit(s) to excavate in County/City streets, a permit for excavations and trenches from the State of California, Division of Industrial Safety, a Certificate of Worker's Compensation Insurance and Liability Insurance with the District named as the certificate holder. The certificate shall state that the holder shall be notified 30 days prior to cancellation of policy.*
5. *Acceptance of the sewer plans by the District does not constitute a representation as to the accuracy of the location of, or the existence of, any underground utility pipe or structure within the limits of this project.*
6. *The Contractor shall have at the Work site, copies or suitable extracts of: Construction Safety Orders, Tunnel Safety Orders and General Industry Safety Orders issued by the State Division of Industrial Safety. The Contractor shall comply with the provisions of these and all other applicable laws, ordinances and regulations.*
7. *The District will not survey or layout any portion of the work.*
8. *The District shall be notified 48 hours prior to staking the sewer line.*
9. *A licensed Civil Engineer or surveyor shall furnish the District with grade (cut) sheets and stationing for all lateral sewers and wyes, and shall provide stakes for them at their proper locations with stationing clearly marked. Lateral sewers shall be constructed in a straight alignment at right angles from the main line sewer, except as shown on the plans. Any change in alignment shall be requested in writing by the Civil Engineer.*
10. *The Civil Engineer or surveyor shall furnish the lateral sewer depth at the property line below the top of curb elevation for each lateral sewer on the grade (cut) sheet.*

6.8 CONSTRUCTION NOTES

The following sewer line construction notes are requirements adopted by the District and shall be shown on the title sheet of the improvement plans:

GOLETA SANITARY DISTRICT **SEWER CONSTRUCTION NOTES**

1. *Construction of sewage collection facilities shall not commence until construction plans have been approved and permits issued by the Goleta Sanitary District. Sewer mains, laterals, and appurtenances shall be constructed according to Goleta Sanitary District standards and specifications and shall be subject to inspections to obtain acceptance of the constructed work.*
2. *Compliance with Goleta Sanitary District Standard Specifications and Santa Barbara County/City of Goleta encroachment permit(s) will be required for trench backfill. Certification of backfill compaction and material sand equivalents by a qualified, registered testing laboratory shall be provided to the Goleta Sanitary District by the permittee prior to the issuance of a Certificate of Acceptance.*
3. *Geotechnical investigations and soils reports prepared for the project shall be made available to the District.*
4. *The Goleta Sanitary District shall be notified at least forty-eight (48) hours prior to starting construction. Any construction done without approved plans, permits or prior notification to the District will be rejected, and any rework will be done at the contractor's expense. Inspection and approval by the Goleta Sanitary District shall be requested by the contractor prior to commencing and after each phase of construction, specifically, trench alignment, pipe bedding, pipe installation, backfill over installed pipe, final backfill and compaction, and clean-up.*
5. *Sewer lines near the construction site or involved with the sewer line construction shall be protected with plugs in the inlets and outlets of manholes until work is complete.*
6. *Contractor shall verify existing water, sewer, storm drain and other utility elevations prior to sewer trenching construction.*
7. *Clearance between sewer lines crossing under or over other underground utilities shall not be less than six inches (6") except for water pipes. Sewer lines shall be installed under water lines, unless otherwise approved by the Water and Sanitary Districts. If construction over water lines is permitted, the sewer main construction shall comply with State Health Department Guidelines.*
8. *The contractor shall be responsible for installing adequate bracing and shoring for excavations, temporary structures, and all partially completed portions of the work, as necessary. Sheeting, shoring, bracing, or equivalent protection for all excavations over 5 feet deep shall be provided as required by CAL-OSHA.*

9. Trenches shall be backfilled or secured with steel traffic plates at the end of each workday. Traffic control devices shall be provided in accordance with State of California (Caltrans) Manual of Traffic Controls for Construction and Maintenance Work Zones, latest edition, or as otherwise directed by the District.
10. Solvent joints are not acceptable.
11. A minimum four-inch (4") diameter lateral and building sewer shall be installed for each single-family residential unit with a minimum grade of 1/4" per foot (approximately 2%) from the public sewer main to the building connection.
12. A minimum six-inch (6") diameter lateral and building sewer shall be installed on a minimum grade of 1/8" per ft. (approximately 1%) for multiple family dwellings, churches, commercial, industrial, school buildings, etc., from the sewer main to the building connection.
13. Lateral sewer connections to mainline sewers shall be with fabricated wye fittings in accordance with District Standard Drawing No. 16.
14. Lateral sewers shall be constructed with five (5) feet of cover at property line.
15. The Contractor shall furnish material, labor and equipment for conducting tests for deflection, leakage, infiltration and CCTV inspections. Tests shall be made after the sewer trench has been backfilled and compacted and before paving. Compaction test reports shall be submitted to the District prior to testing.
16. Deflections in installed pipe shall not exceed five (5) percent of the internal pipe diameter. Any section of the pipeline that exceeds the maximum allowable deflection shall be uncovered and, if not damaged, reinstalled at the Contractor's expense. Damaged pipe shall be removed from the Work site. The contractor shall test the deflection with an approved mandrel in the presence of a Goleta Sanitary District representative.
17. Prior to paving and video tests, installed pipe shall be cleaned by the balling method or with a hydro jet rodding/debris vacuum unit with a spinning nozzle approved by the District. A debris trap shall be installed at the most downstream manhole during the cleaning operation. A District Inspector shall be present at all times.
18. Prior to paving, the main sewer line shall be CCTV inspected from center of manhole to center of manhole by the Contractor in accordance with the District's standards. Water shall be discharged into the pipeline just prior to CCTV inspection. A DVD and (printed) hardcopy of the CCTV inspection shall be submitted to the Goleta Sanitary District. A District Inspector shall be present during the entire CCTV inspection.
19. Manhole interiors shall be coated and spark tested in accordance with District Standards. District Inspector shall be present during the coating and testing of the Manhole. A pull test may be required at the Inspector's discretion.

20. *Manhole covers and frames shall be manufactured of ductile iron in accordance with Goleta Sanitary District Standard Drawing No. 12. Manhole covers shall be stamped with "G.S.D. Sewer".*
21. *Manhole tops in unimproved rights of way shall be 18" above finished grade, 6" above grade in maintained landscaped areas and shall be protected per Goleta Sanitary District Standard Drawing 10.*
22. *New manholes shall be vacuum tested for leaks after assembly and before backfill unless the requirement is waived by the District Inspector.*
23. *Record Drawings. Drawings showing the actual location of all mains, structures, wyes, laterals, manholes, cleanouts, easements, etc., shall be filed with the District before final acceptance of the work. In addition, an electronic AutoCad™ format drawing recorded on a CD, showing the actual location of mains, wyes, laterals, manholes, cleanouts and appurtenant structures, including invert and rim elevations, shall be submitted to the District before final acceptance of work. The Electronic Drawing shall be in the following coordinate system; Horizontal NAD 83 North America Datum, Vertical NAVD 88 North American Vertical Datum.*

6.9 RECORD DRAWINGS

A complete set of approved drawings shall be maintained at the work site during construction. The Contractor shall record changes from the approved plans on the drawings including change orders, approved field revisions, existing utility locations and depths and other information that may differ from the approved plans.

Upon completion of construction, inspection and testing, the Project Engineer shall prepare and submit to the District a complete set of original mylars with all of the changes shown and marked as "Record Drawings". The corrected mylars, one set of prints and a CD with electronic files of the drawings in an AutoCad™ .DWG format shall be submitted to the District within 30 days of completion of construction. Record Drawings are required prior to acceptance of the sewer improvements and prior to release of bonds.

END OF SECTION

To: Luis Astorga
Subject: 1475 Anderson Lane- "Can and Will Serve Letter"

Follow Up Flag: Follow up
Flag Status: Flagged

Hi Luis,

Thank you for the information earlier. As we mentioned, in order to submit our plans with the County of SB, we are needing a "Can and Will Serve" Letter from Goleta Sanitary. Formally:

We are requesting to have sewer service to the property at 1475 Anderson Lane. This sewer line would serve a new (4 bedroom, 3.5 bath) 2,628 sf home and a (2 bedroom, 2 bath) 1179 sf detached ADU.

Thank you very much, and let me know if you need any additional information.

-Kalley

AGENDA ITEM #3

AGENDA ITEM: 3

MEETING DATE: July 17, 2023

I. NATURE OF ITEM

Consideration of Amendment No. 3 to the Engineering Design Services Agreement with Hazen and Sawyer to Include Native American Monitoring Services on the Biosolids and Energy Strategic Plan Phase 1 Project

II. BACKGROUND INFORMATION

The board authorized execution of Amendment No. 2 to the Hazen and Sawyer (Hazen) contract for Biosolids and Energy Strategic Plan (BESP) Phase 1 Design and Engineering Services on June 5, 2023. The purpose of Amendment No. 2 was to amend the scope of work to include engineering services during construction (ESDC). However, at that time, the fee for Native American monitoring services had not been finalized. Additionally, it was not known whether the Native American monitoring would be contracted directly through the District or through Dudek.

The fee for Native American monitoring services has been finalized at \$33,652 on a time and materials basis, and the services will be contracted and coordinated through Dudek, a subcontractor of Hazen. The proposed amendment will increase the Hazen contract for BESP Phase 1 Design and Engineering Services by this amount.

III. COMMENTS AND RECOMMENDATIONS

The Santa Barbara County Coastal Development Permit requires that the District enter into a Native American Monitoring Agreement to secure one Native American monitor to be present during initial ground disturbance.

Sufficient funding for Native American monitoring during construction is included in the BESP loan proceeds. As such, staff recommends the Board take the following action: Authorize the General Manager to execute an amendment to the existing design and engineering services agreement with Hazen and Sawyer for engineering services during construction to increase the design services scope by \$33,652.

IV. REFERENCE MATERIAL

Revised Dudek Proposal for Mitigation Services

Hazen and Sawyer Design and Engineering Services Amendment No. 3

July 7, 2023

Hazen and Sawyer – Rion Merlo
Senior Associate & West Region Wastewater Practice Leader

510 499 7466
rmerlo@hazenandsawyer.com

Subject: Proposal for Mitigation Services for the Goleta Sanitary District Biosolids and Energy Phase 1 Project

Dear Mr. Merlo,

The following is a time-and-materials, not-to-exceed proposal to provide mitigation services for the Goleta Sanitary District Biosolids and Energy Phase 1 Project (Project) located in the City of Goleta, CA. This proposal is prepared pursuant to the Goleta Sanitary District (District) and County of Santa Barbara (County) County Conditions of Approval for this Project. The specific tasks required to conduct and prepare a Construction Monitoring Treatment Plan, Workers Cultural Awareness Training, archaeological and paleontological monitoring and resulting report; Paleontological Resources Impact Mitigation Program and Nesting Bird Surveys and reporting. This proposal is conditional to the assumption that no additional tasks will be required by the County.

Task 1. Construction Monitoring Treatment Plan & Paleontological Resources Impact Mitigation Program

As required by District and County of Santa Barbara Project Conditions, Dudek will develop an Construction Monitoring Treatment Plan (CMTP) and a Paleontological Resources Impact Mitigation Program (PRIMP) to ensure that any unexpected discoveries of cultural and paleontological resources are treated adequately and efficiently consistent with CEQA and the District’s and County’s Conditions of Approval for the Project. The CMTP and PRIMP will be prepared in written form and presented to the District General Manager and Planning and Environmental Review Director (or designee) for their approval.

Task 1 Budget.....\$2,800

Task 2. Workers Environmental Awareness Program Training

Dudek will prepare a basic presentation and handout or pamphlet to inform all construction personnel working on the Project about the archaeological, biological and paleontological sensitivity of the area. The purpose of the Worker’s Environmental Awareness Program (WEAP) training is to provide specific details regarding the kinds of archaeological and paleontological materials that may be identified during ground-disturbing activities as well as biological resources that may be impacted by project implementation. The WEAP training will include the proper procedures to be implemented in the event of an inadvertent discovery of archaeological/paleontological resources, human remains or biological resources by: providing examples of archaeological/paleontological materials and biological resources that could be encountered including visual demonstration of common artifacts and animals/plants; describe the type of artifact/material/feature/animal/plant that would constitute temporary stoppage of work and for how long; worst-case new discovery scenario; requirements and responsibilities of the construction supervisor; laws protecting archaeological/paleontological and biological resources including prohibition of artifact, fossil, plant, animal collection or disturbance; and appropriate safety protocols relating to the presence of monitors during construction activities. Dudek will present the training at a pre-grading meeting for the benefit of all construction personnel.

Task 2 Budget.....\$1,500

Task 3. Archaeological, Paleontological and Native American Monitoring and Management

Dudek will provide archaeological, paleontological and Native American monitoring for grading activities associated with project construction. Our monitoring staff is cross-trained to identify archaeological and paleontological resources simultaneously. This ensures a efficient and cost-effective monitoring approach that eliminates the need for additional monitors throughout the duration of the project. Additionally, Dudek has an excellent working relationship with the Barbareño Band of Chumash Indians (BBCI), the tribal group geographically and traditionally associated with the Project area. The BBCI will provide monitoring services under their master services agreement (MSA) with Dudek. The costs associated with this task assume an eight-week (32 days) construction monitoring schedule estimated to occur over a eighteen (18) month period either consecutively or intermittently and includes up to 50 hours per week per monitor (including drive time) for a total of 320 hours of archaeological and paleontological monitoring and 320 hours of Native American monitoring. Dudek will also provide management of all monitoring efforts including communication and coordination with construction and monitoring personnel, District and County staff. The costs associated with monitoring management assume an eight-week construction monitoring schedule and includes up to 6 hours per week for a total of 48 hours to accomplish monitoring management tasks. Dudek Senior Archaeologist and Human Osteologist and Senior Paleontologist will be available to respond to any discovery; however, an in person site visit to address any discovery is not covered in this scope. If additional hours of any nature, including assessment and treatment of a discovery by Dudek’s Senior Archaeologist, Human Osteologist and Senior Paleontologist is necessary, Dudek will be pleased to provide an adjusted scope and cost for authorization prior to commencement of any tasks not covered in this scope.

Assumptions:

- Dudek assumes that monitoring staff will be informed at least 48 hours before the start of ground disturbing activities requiring archaeological monitoring, pursuant to the Project COAs.
- Dudek assumes that a workday consists of 8 hours. However, we will be pleased to provide monitoring for half days. The archaeological monitor will not bill less than four (4) hours. For instance, if Dudek has been informed that monitoring is necessary for the next day and arrives at the Project site prepared to monitor, but ground disturbing activities are not occurring and monitoring is not necessary, Dudek will bill a half day (4 hours) regardless of the amount of time up to 4 hours the monitor/s has spent at the Project site. Any time after the 4-hour minimum will be billed in 30-minute increments.
- Dudek assumes all ground disturbing activities requiring archaeological monitoring pursuant to the Project COAs, will occur no more than eight (8) hours in any given day. However, we will be pleased to provide monitoring greater than eight (8) hours per day, if desired, for an augmented rate of those provided in this proposal.
- Dudek assumes all ground disturbing activities requiring an archaeologist and/or paleontologist and Native American monitors, pursuant to the Project COAs, will occur during the day (anytime between 6:00 am and 6:00 pm) and regular business days (Monday-Friday). However, we will be pleased to provide evening and weekend monitoring, if desired, for an augmented rate of those provided in this proposal.
- Dudek assumes no cultural or paleontological resources will be discovered during the monitoring program that will require formal recordation or treatment. However, if such resources are encountered, we will be pleased to provide these services for an augmented rate of those provided in this proposal.

Cost for Task 3.....\$75,732

Task 4. Archaeological and Paleontological Monitoring Report

Upon completion of all archaeological monitoring efforts, Dudek will prepare a brief monitoring report, commensurate with District and County reporting requirements. The draft Report will be presented electronically, in pdf format, within no more than 15 working days of the completion of all monitoring. We will be pleased to work with you to expedite this report, if desired. Dudek assumes no archaeological resources will be recovered during the monitoring program and a final negative archaeological monitoring memorandum will suffice.

Dudek assumes no more than one round of comments will require response on the Draft Monitoring Report. The revised report will be submitted to the District and County, the Central Coast Information Center (SCCIC), interested Tribes within 60 days of the completion of fieldwork. No other revisions resulting from subsequent review by County staff are anticipated at this time.

We assume no resources will be identified that require documentation of full Department of Parks and Recreation (DPR) 523 series forms. Should resources be identified that require more intensive field and documentation efforts, we will work with you to augment this scope and cost as appropriate.

Cost for Task 4.....\$3,900

Task 5. Nesting Bird Surveys and Reporting

A qualified Dudek biologist will conduct a survey for nesting birds prior to construction activities to determine if active nests of special-status birds or common bird species protected by the California Department of Fish and Game Code (CFGF) exist within or immediately adjacent to project activities. The biologist will use binoculars and auditory song recognition to determine the presence or absence of nesting birds covered under the CFGF. The biologist will observe bird behavior indicative of nesting and will closely inspect all suitable nesting vegetation, including ornamental trees proposed for removal. In addition, to ensure that tree removal activities do not disrupt nesting in adjacent trees, the biologist will search these trees for bird nests.

The pre-construction nesting bird surveys will be conducted as per the Mitigation Monitoring and Reporting Program MM-BIO-1 in the Final Mitigated Negative Declaration for Biosolids and Energy Phase 1 Project, which follows the coastal Development Standard ECO-EGV-2C from the Eastern Goleta Valley Community Plan (2017):

MM-BIO-1 Pre-construction Nesting Bird Surveys. If Project activities are proposed during the general avian breeding season of January 15 to September 15, the Project biologist shall conduct a preconstruction survey for active nests within 500 feet of the construction area and submit a letter report to the County of Santa Barbara (County) prior to the preconstruction meeting. If active nests are detected, clearing and construction within a minimum of 300 feet shall be postponed until the nest(s) is vacated, juveniles have fledged, and there is no evidence of a second attempt at nesting. If an active raptor or rare, threatened, endangered, or species of special concern bird nest is found, clearing and construction within a minimum of 500 feet shall be postponed until the nest(s) is vacated, juveniles have fledged, and there is no evidence of a second attempt at nesting. The report submitted to the County shall include mitigation measures including, but not limited to, (1) worker environmental awareness training, (2) daily biological monitoring during construction activities, and (3) the locations of flags and/or stakes to provide the appropriate avoidance buffers. If no nesting birds are detected during the pre-construction survey, no mitigation is required.

The Project biologist shall continue to perform site surveys during all construction activities to detect any nesting birds that may nest on the Project site after the preconstruction survey. Preconstruction clearance surveys shall be completed as required to comply with the federal Endangered Species Act, Migratory Bird Treaty Act, Bald and Golden Eagle Protection Act, California Fish and Game Code,

and/or County regulations. If the biological monitor determines that Project activities are disturbing or disrupting nesting activities, the monitor will make recommendations to County staff to reduce the noise or disturbance in the vicinity. This may include recommendations such as (1) turning off vehicle engines and other equipment whenever possible to reduce noise, (2) working in other areas until the young have fledged, and (3) stopping work until young are independent of their nests (Development Standard ECO-EGV-2C in County of Santa Barbara 2017).

The results of the initial preconstruction nesting bird survey will be submitted to the County prior to the preconstruction meeting to document compliance with applicable state and federal laws pertaining to the protection of native birds. Dudek will provide the results of each nesting bird survey by email within 24 hours of the survey. A follow-up report will be submitted to the County after each survey and include a brief description of survey methods and results and will include a map with an aerial photo base displaying the location of any active nests observed. The report will also include recommendations to avoid impacts to nesting birds during tree removal. The during-construction nesting bird surveys will be performed on a weekly basis.

Assumptions

- This scope of work assumes construction will occur for 18 months commencing in June 2023 and ending in September 2024, and will therefore necessitate approximately 50 weekly during-construction nesting bird surveys, during the nesting bird season (January 15 to September 15).
- This scope assumes that monitoring any active nests observed will be included in the weekly during-construction nesting bird surveys. This scope assumes a maximum of five active nests per visit.
- Should additional monitoring be necessary, a contract augment can be executed for monitoring to be performed on an as-needed time-and-materials basis.

Cost for Task 5.....\$39,720.00

Project Budget

The time and materials, not-to-exceed fee provided in this proposal of **\$123,652** represents an estimate of the anticipated level of effort to complete the tasks described in the proposal for all required tasks (not including conditional tasks) associated with the mitigation services required by the Conditions of Approval for the Goleta Sanitary District Biosolids and Energy Phase 1 Project. Fees for labor will be in accordance with Dudek’s 2023 Standard Rates. If this contract is authorized for work occurring after 2023, these rates may increase. Should the actual effort required to complete the tasks be less than anticipated, the amount billed will be less than the total fee. Conversely, should the actual effort to complete the proposed tasks be greater than anticipated, for example, if a previously unrecorded archaeological site is identified that requires recordation, additional fee authorizations may be requested. No work in excess of the proposed fee or outside of the proposed scope of work will be performed without written authorization.

If you have any questions regarding this proposal or require additional information, please do not hesitate to give me a call at (805) 308-8518. I may also be e-mailed at hmcdevitt@dudek.com. Thank you for the opportunity to present our services and for the potential of working together towards successful completion of your project.

Very Respectfully,

Heather McDaniel McDevitt, MA, RPA

Re: Biosolids and Energy Phase 1 Design and Engineering Services Amendment No. 3

Dear Mr. Wagner:

This amendment provides additional funds so that our subconsultant, Dudek, can contract Native American monitoring by Tribal entities. The total amendment amount of \$33,652 for additional mitigation services during construction increases the maximum amount from \$1,702,346 to 1,735,998.

Should you have any questions, please contact me at 510-499-7466 or via e-mail at rmerlo@hazenandsawyer.com

Sincerely,

Rion Merlo, Ph.D., PE, PMP
Project Manager

Marc Solomon, PE, BCEE, D.WRE
Project Director

Enclosure: Amendment No. 3

CLIENT: *Goleta Sanitary District*
CONSULTANT *Hazen and Sawyer*
PROJECT: *Biosolids and Energy Phase 1 Design and Engineering Services*

AGREEMENT FOR PROFESSIONAL SERVICES

AMENDMENT № 3

This Amendment dated the 12 day of July, 2023 to the Agreement for Professional Services (“the “Agreement”) dated the 17 day of November , 2020 is made and entered into between Goleta Sanitary District (“**CLIENT**”) and Hazen and Sawyer (“**CONSULTANT**”), collectively, “the Parties.”.

WHEREAS, the Parties desire to amend “**SCHEDULE A – SCOPE OF SERVICES**” and “**SCHEDULE B – COMPENSATION**” of the Agreement

NOW THEREFORE, in consideration of the mutual promises herein contained, **CLIENT** and **HAZEN** agree to modify the following paragraphs of the Agreement.

SCHEDULE A – SCOPE OF SERVICES

The Scope of Services currently authorized to be performed by **HAZEN** in accordance with the Agreement, and previous Amendments, if any, is modified as follows:

Task 14c scope language has been updated to include Native American monitoring as described below.

- **Task 14c. Native American Monitoring and Management**

Dudek will provide Native American monitoring for grading activities associated with project construction employing Dudek’s Master Service Agreement (MSA) with Eleanor Fishburn, Barbareno Band of Chumash Indians (BBCI) Tribal Chair. The costs associated with this task assume an eight-week (32 days) construction monitoring schedule estimated to occur over an 18 month period either consecutively or intermittently and includes up to 50 hours per week (including drive time) for a total of 320 hours of Native American monitoring. Dudek will also provide management of all monitoring efforts including communication and coordination with construction and monitoring personnel, District and County staff. The costs associated with monitoring management are covered in the original mitigation tasks scope.

SCHEDULE B – COMPENSATION

For the Additional and/or Changed Services to services set forth above, **CLIENT** shall pay **HAZEN** the following additional compensation:

Amendment 3 increases/decreases the current Subcontract Agreement Maximum Amount from **\$1,702,346** by **\$33,652** to a revised Maximum Amount of **\$1,735,998**. The cost of the additional services shall not exceed **\$1,735,998**.

Payments to **HAZEN** will be made based upon a time and materials basis pursuant to the fee schedule.

CLIENT and **HAZEN** hereby agree to modify the Agreement as set forth in this Amendment. All provisions of the Agreement not modified by this or previous Amendments remain in effect.

This Amendment may be executed in counterparts, each of which shall be deemed to be an original.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment to be executed by their duly authorized officers or partners, and is made effective the latest date and year written below: .

AGENDA ITEM #4

AGENDA ITEM: 4

MEETING DATE: July 17, 2023

I. NATURE OF ITEM

Update on Search for New Legal Services Provider

II. BACKGROUND INFORMATION

On April 17, 2023 the Board was informed of the planned retirement of District General Counsel Rick Battles at the end June 2023. On May 1, 2023 the Board elected to form an Ad Hoc committee to assist with the process of selecting a new legal services provider.

A request for proposals (RFP) for District General Counsel legal services was prepared and sent out on May 22, 2023 to 19 separate firms that have experience in providing services to public agencies similar to ours. The proposals were due on June 14, 2023 and 6 proposals were submitted. The Ad Hoc committee met twice to review and discuss the proposals and recommends the full Board interview the following three firms.

1. Best Best and Krieger, LLP (BBK)
2. Burke, Williams & Sorensen, LLP (BWS)
3. Hollister & Brace

III. COMMENTS AND RECOMMENDATIONS

Attached are copies of the proposals submitted by the three recommended firms. Hollister and Brace was the only local firm to submit a proposal. BBK and BWS are larger firms that serve numerous public agencies. If the Board supports the Ad Hoc committee's recommendation to interview the above firms, staff will contact them to confirm their availability to meet on dates/times that work for the Board.

Re: Request for Proposals (RFP) to Provide General Counsel Legal Services

Dear Mr. Wagner,

On behalf of Best Best & Krieger LLP (BBK), I am pleased to present this proposal to provide general counsel legal services to the Goleta Sanitary Water Resource Recovery District (District).

BBK has established itself as California's preeminent full-service public agency law firm with a focus on water and wastewater district representation. As our proposal demonstrates, BBK has the relevant experience required to meet all of the District's legal needs. Our experience with local public agencies, combined with our nationally recognized practice in water, wastewater and water quality law, will enable us to efficiently assist the District and provide creative solutions.

I will act as BBK's point of contact during the proposal process; please direct all correspondence to me at the below address. My contact information is as follows:

Jeffry F. Ferre
3390 University Avenue, 5th Floor
Riverside, CA 92501
(951) 826-8271
Jeff.Ferre@bbklaw.com

Thank you for considering our proposal. We would be pleased to serve the District as general counsel, and we look forward to meeting with District representatives to further discuss our qualifications.

Sincerely,

Jeffry F. Ferre
of BEST BEST & KRIEGER LLP

II. QUALIFICATIONS AND EXPERIENCE

BBK currently serves as general or special counsel to more than 800 public agencies, including water and wastewater agencies. Our general counsel experience will enable us to quickly and effectively address any issue that may be encountered by the District. Our comprehensive knowledge offers efficiency that cannot be rivaled by a smaller firm.

As special counsel to over 30 public water and wastewater agency clients, we have extensive experience advising on wastewater collection and treatment, as well as the ever-growing importance of utilizing recycled water as a valuable resource. BBK attorneys have experience in every area of public law, including general counsel, state and federal water quality regulations, , the Ralph M. Brown Act, the California Public Records Act, conflicts of interest, labor and employment, environmental law and real estate.

Our protocol is proactive, not reactive. Not only do we track current trends in the law, but we are also frequently involved in creating trends. For example, BBK's water quality attorneys in California and Washington D.C. regularly participate in providing comments on new regulations and form alliances to advocate for the interests of clients and their customers.

BBK is an active member of and supports numerous state and national public law organizations and associations, such as the Association of California Water Agencies, California Special Districts Association, California Association of Sanitation Agencies and California Municipal Utilities Association. Our attorneys frequently speak at conferences, serve on committees and provide seminars and webinars. BBK is dedicated to keeping our attorneys and clients up to date on current issues in public agency law. We regularly prepare and distribute e-bulletins on important cases and legislation in order to keep our clients informed.

BBK has demonstrated legal acumen in the following areas as they relate to special districts and public/government agencies in the following areas:

Laws and Regulations Governing Special Districts

Ralph M. Brown Act. In our role as General Counsel to many special districts and municipalities across the state, our attorneys, including the lead attorneys on the proposed team, provide advice on the Brown Act on an almost daily basis. We have extensive experience providing opinions on and assisting with agendas, closed sessions, conduct at public meetings, including public comment, rules on meetings and penalties for violations, among others. The Brown Act is a big part of our public law practice, and we have a wealth of attorneys who practice across the state we can draw upon to gather information on complicated or first impression Brown Act issues.

Public Records Act. Given our extensive representation of public agencies, we are well experienced in working with our clients on the Public Records Act. In fact, we have an entire team that is dedicated solely to helping our clients respond to public records act requests, which is highly qualified and cost-effective. Specifically, we help clients with complex requests that include the organization and review of thousands of documents. We provide advice on exemptions and have litigated public records act cases. We also take a proactive approach and routinely provide training, track developments in the law and relevant cases and advise clients regarding the use of email, records retention and the public's right to access electronic information. We regularly

speak at seminars and workshops regarding updates concerning the Public Records Act and email/technology issues.

Political Reform Act. Many of the firm's attorneys, including members of the proposed team, are practice-focused on the Political Reform Act and in addition to advising clients on issues that come up, often provide trainings to clients and at conferences and educational seminars. Ethics is an integral part of any law firm that focuses on public law, and we work very hard to make sure that we stay on top of the law and provide our clients with the best possible guidance and advice.

In addition, BBK was one of the first law firms to provide ethics training courses that are tailored to meet the specific requirements of AB 1234, and we have obtained certification from the Fair Political Practices Commission (FPPC) and the Attorney General to teach such courses. Since the beginning of 2006, when AB 1234 went into effect, BBK has provided ethics training for local public officials throughout the state. BBK helped to develop AB 1234 curricula for the California Special Districts Association and the League of California Cities. Our experience also extends to Government Code 1090, common law conflicts of interest, self-dealing laws, and concepts such as bias and the incompatibility of public offices. We are informed of the most recent decisions by the Fair Political Practices Commission, monitor statutory and common law changes to the law and regularly advise clients of such changes.

General Public Agency Law. The BBK Municipal and Special Districts practice groups focus on helping public clients successfully maneuver through legal complexities and governmental mandates. We offer comprehensive guidance on all matters involving day-to-day operations, governance and regulation. Because BBK has a history of extensive involvement in all aspects of general public agency law, we have pioneered methods to deliver advisory and litigation services in a comprehensive and cost-effective manner. Our innovative approach to public agency law ensures that our clients receive high-quality and timely representation.

Water Quality Laws and Regulations

Clean Water Act. BBK has particular experience in the numerous federal and state water quality regulations. This includes work under the Clean Water Act, the Safe Drinking Water Act and the state equivalents to these federal laws. BBK attorneys advise clients regarding the obtaining of, and compliance with, National Pollutant Discharge Elimination System permits, and represent clients in administrative actions regarding such permits. Such work takes place before Regional Water Quality Control Boards and the State Water Resources Control Board. Clients derive benefit from BBK's experience before these bodies as well BBK's relationships with key players and staff at the state and federal level. Over 20 of our attorneys focus their practices on water quality, water rights, and water supply planning and management. Accordingly, we help public agency clients meet requirements for operating water, stormwater and wastewater systems.

Public Contracting Code & Labor Code

We are well-versed in issues related to contracting, including public works contracts. Our services include preparation and review of contract specifications and required bidding documents, as well as the negotiation and drafting of professional services agreements, including work by consultants of all kinds.

To keep legal costs down, we have developed model contracts for virtually every contracting situation faced by our public agency clients, and these model contracts allow our clients to operate effectively and with the highest level of legal protection. Of course, when litigation arises, our litigators are experienced in providing the best representation available.

Employment Labor Laws

BBK provides public employers with a full range of legal counsel and litigation services for all types of workplace issues and needs. A wide range of public sector employers turn to BBK for representation in all aspects of labor and employment law. When necessary, our lawyers also provide a vigorous defense in discrimination, harassment, wrongful termination, wage and hours, and other labor and employment litigation.

Because labor and employment problems often involve high stakes and intense time pressure, we are committed to giving employers highly responsive service. We counsel our clients on all aspects of employment laws and human resources management issues, including wage and hour standards, workers' compensation, layoffs, employee termination, discipline matters and personnel policies. When workplace concerns arise out of the collective bargaining process, we handle contract negotiations, impasse procedures, grievance and arbitration proceedings, union representation proceedings and unfair labor practice charges before local, state and federal agencies.

Our lawyers regularly represent employers before the National Labor Relations Board, the Public Employment Relations Board, the California Department of Fair Employment and Housing, the U.S. Equal Employment Opportunity Commission, the U.S. Department of Labor and State Labor Commissioner and the Division of Occupational Safety and Health, as well as before public agency personnel boards and civil service commissions. We are committed to being a part of the solution to our employer clients' labor issues, whether through counseling, negotiations or litigation.

Litigation Experience

BBK offers its public agency clients a full range of litigation services on a variety of civil matters including labor and employment, contracts, construction, energy, transportation, redevelopment, environmental issues, condemnation and eminent domain, assessment foreclosures, education, land use and water.

Having both public law and litigation "under one roof" affords BBK the opportunity to tailor our litigation services to the particular needs of its public agency clients and promotes more effective litigation management.

Environmental Law/CEQA/NEPA

BBK represents special district and municipal clients in environmental issues arising under the California Environmental Quality Act (CEQA) and the National Environmental Policy Act (NEPA).

We assist public agency clients with pre-project planning and strategy before CEQA is triggered to minimize costs and maximize environmental protection, and also have extensive CEQA, NEPA and environmental site assessment (ESA) litigation experience.

We prepare local CEQA guidelines on behalf of over 70 public agency clients, including water districts, cities, school districts and other special districts. Our attorneys assist public agency clients in all aspects of CEQA and NEPA compliance, including the preparation and review of notices of exemption, initial studies, findings and statements of overriding considerations, mitigation monitoring and reporting plans, addenda, negative declarations, Environmental Impact Reports (EIR) and environmental impact statements. We are also well experienced with writing and editing EIRs to fully comply with CEQA's requirements. If a legal challenge should arise, our lawyers are skilled in the procedural and substantive intricacies of litigating a CEQA or NEPA case, including the short statutes of limitations, administrative record requirements and unique briefing and oral argument issues.

Real Property

BBK lawyers routinely handle various real property matters often faced by public agencies, including leases, licenses/rights-of-entry, and easements, both for property owned by the public agency client and for property that the client is considering acquiring. We are very experienced in the process of acquiring real property for public agency clients through both negotiated purchase and sale agreements and eminent domain lawsuits.

In addition, BBK attorneys work with clients regarding establishing and meeting mitigation requirements under the federal Clean Water Act, California Fish and Game Code Section 1600, and other environmental protection laws to minimize the regulatory burden on client projects. We have successfully litigated condemnation actions that involved virtually all aspects of eminent domain law from "right to take" challenges and pre-condemnation damages claims to the trial (and possible appeal) of compensation claims for severance damages, improvements pertaining to realty, loss of business goodwill, loss of inventory, relocation assistance benefits, prejudgment possession and inverse condemnation. Our eminent domain practice has also been involved in matters including projects where environmental contamination had an impact on the value of property interests being condemned.

Water and Wastewater Utility Rate Setting

Given the number of water and wastewater entities that we represent, it is imperative that we have the right qualifications to help our clients with rate adoption. We have several attorneys who are well-versed in rate issues, and we regularly assists many water districts with their rate adoption process.

BBK also advises public agencies on revenue matters associated with the adoption, imposition, levy, collection and defense of fees and taxes. We take an active role in helping clients comply with the substantive and procedural requirements of Propositions 13, 26 and 218, including the review of utility rate and fee studies and special tax reports. In this regard, we assist our clients in complying with the requirements for imposing new or increasing existing fees and charges and the election requirements for the adoption of special taxes, including the preparation of all required notices of public hearings for the adoption of fees and charges and the ballot materials for the adoption and levy of special taxes.

III. APPROACH AND METHODOLOGY

BBK's proposed General Counsel, Jeffrey Ferre, will be in charge of all legal work assigned by the District and will serve as the primary contact person for all matters and will supervise all legal services provided by our firm. He will actively manage the legal work. His comprehensive leadership will avoid duplication of efforts among our attorneys and help minimize legal costs.

BBK proposes Ryan Guiboa to serve as Assistant General Counsel and provide backup legal services for the District.

Jeff will be responsible for supervising the preparation and delivery of all District-related matters. Matters assigned to associates or paralegals will be fully supervised by Jeff. When faced with an issue requiring a particular skill set, Jeff will consult with the District to evaluate the level of capability needed and will ascertain which BBK attorney has the necessary knowledge and experience.

Jeff and Ryan are experienced in all of the areas of general counsel law listed in the scope of services in the request for proposals. Their qualifications and resumes are provided in *Section IV, Attorney Team*.

Jeff will attend the regular meetings of the Board of Directors, as well as special meetings when requested. He will be prepared in these meetings to advise the Board on matters on the agenda as well as procedural or substantive issues that arise during the meetings.

It is very important that we are always available to any official, officer, or employee of the District. This means that we are available in person, by phone, or by email at all times of the day. We are judged by our clients on the quality, speed, and delivery of our service. We return phone calls as quickly as possible, frequently check email, and quickly answer routine inquiries.

The District will always have access to the General Counsel or Assistant General Counsel not only during normal business hours but also on nights and weekends. We understand that emergencies may arise after hours. We also recognize that the Board of Directors may have other obligations during normal business hours and, thus, need to speak or meet with the General Counsel at unconventional times.

Tracking and Managing Legal Costs and Proactively Advising on Legal Matters

BBK is committed to working within the District's approved budgets and providing high-quality, cost-effective and efficient legal services. With nearly 250 attorneys practicing in virtually every area of law affecting the District, BBK is able to offer the District the depth and breadth of a large law firm while delivering affordable, personal service. We staff each project or assignment with an experienced attorney who manages assignments and distributes work, as appropriate, to other staff members.

Jeff will work with the District to employ a number of techniques to contain legal costs. First, BBK maintains and updates templates agreements and sample ordinances and resolutions on almost every issue the District will face. The use of these resources allows us to quickly and efficiently respond to requests. Second, BBK can provide the District with standard reimbursement

agreements, which provide a detailed and enforceable method for developers and other third parties to reimburse the District for certain legal service fees and costs. Third, we will rely on paralegals, who are well-versed in core legal issues such as the Brown Act, the Public Records Act and conflicts of interest, to provide basic legal services.

With our full range of public agency experience, BBK is well positioned to proactively advise the District on all its legal needs. Our firm is dedicated to keeping our attorneys and clients up to date on current issues in public agency law. We regularly prepare and distribute, at no cost to our clients, legal alerts on current legal topics, litigation, and legislation. For matters that directly impact the District, we will follow up general legal alerts with tailored advice.

IV. ATTORNEY TEAM

Jeffrey F. Ferre, Partner – General Counsel

Phone (951) 826-8271

Email jeff.ferre@bbklaw.com

Location Riverside

Education University of the Pacific, McGeorge School of Law, J.D.

University of Redlands, B.A.

CA Bar Number 138148 (1988)

Jeff Ferre has more than 30 years of experience representing public clients on a variety of public law matters, including the Brown Act, conflict of interest laws, finance/rates and charges, and the Public Records Act. Jeff serves as general counsel to a number of public agencies. He is a partner at BBK in the firm's Environmental Law & Natural Resources and Special Districts practice groups.

Jeff serves as general counsel to a number of public agencies, including:

- Cucamonga Valley Water District
Involved in large scale regional contract with other public agencies for collective treatment and the resulting use of recycled water for use within a large watershed.
- Coachella Valley Water District
Large scale recycled water operation for direct use, environmental mitigation, surface flows and groundwater recharge.
- Hi-Desert Water District
BBK was involved in every aspect of the formation of a wastewater system including public outreach for financing/rate adoption and public works contracting.
- City of Azusa Light & Water
Municipally owned utility providing water, wastewater and electrical services.
- Moulton Niguel Water District
Involved in large scale regional contract with other public agencies for collective treatment and the resulting use of recycled water for use within a large watershed.
- San Geronio Pass Water Agency
State Water Project Contractor.

In his capacity as general counsel, Jeff regularly attends meetings of boards of directors and provides advice on all aspects of governing a public agency, including the introduction and adoption of resolutions, ordinances and other policies. This work often requires assisting clients

on the timing and structure of public hearings and presentations to the public. His clients depend on him to provide guidance and diffuse disputes in the often-adversarial atmosphere of these board meetings. Jeff adeptly steers conflict toward productive discussion and solutions within the confines of the law.

Jeff has served on a number of committees that have addressed issues such as implementation of Proposition 218, which deals with the adoption of public agency rates and charges. Jeff regularly conducts training courses on areas of interest to special districts and provides ethics training to public officials as required by AB 1234.

Ryan Guiboa, Partner – Assistant General Counsel

Phone (213) 787-2549

Email ryan.guiboa@bbklaw.com

Location Ontario

Education University of Southern California Gould School of Law, J.D.
Stanford University, B.A., political science

CA Bar Number 296072 (2014)

Ryan Guiboa is an attorney in the Municipal Law practice group of BBK’s Ontario office. Ryan’s practice broadly encompasses providing advisory, transactional and litigation advice to private and public agency clients. He is a member of the firm’s Government Policy & Public Integrity practice group and has extensive experience advising clients on the Brown Act and Political Reform Act.

He serves as assistant city attorney for the cities of Ontario and Palm Springs, general counsel for Idyllwild Water District and assistant general counsel for Rowland Water District. In these capacities, Ryan advises on a wide range of governance, transparency, ethics and other critical issues to ensure the public trust in local government. Ryan routinely provides legal services to elected boards and staff at public meetings and handles day-to-day transactional and advisory services on issues such as public bidding and contracting, economic development, as well as oversight and management of litigation. Under every circumstance, Ryan is committed to providing his clients with cost-effective and results-oriented services.

Before joining BBK, Ryan practiced as an associate at a Los Angeles firm, where he represented prominent national and international clients in state and federal court in connection with various business litigation and class action matters.

Ryan makes community service a priority, which has led to both philanthropic activities and a legal practice that focuses on public interest law. Born and raised in Southern California, Ryan enjoys working with local cities and public agencies that shape the landscape and serve the best interests of the community. He was selected to Coro Lead LA’s 2019-2020 program, designed for rising and established professionals to build effective partnerships and gain a new perspective on how to address the many challenges facing Los Angeles.

While attending the University of Southern California Gould School of Law, Ryan served on the board of the Public Interest Law Foundation and as a managing editor of the *Los Angeles Public Interest Law Journal*. He also served as a law clerk at the Alliance for Children’s Rights and volunteered for the International Refugee Assistance Project, which took him to the Middle East, where he helped refugees from Iraq. He has also volunteered in Ecuador helping homeless children and in New Orleans for the Public Defenders’ Office.

Ryan is admitted to the U.S. Ninth Circuit Court of Appeals and all U.S. District Courts in California.

Lutfi Kharuf, Partner – Water Rates, Fees and Taxes

	Phone	(619) 525-1302
	Email	lutfi.kharuf@bbklaw.com
	Location	San Diego
	Education	Goethe-Universitat Frankfurt am Main, Institute for Law and Finance, LL.M, finance University of Southern California Gould School of Law, J.D. University of Southern California, B.A., international relations, with a minor in law and public policy, <i>magna cum laude</i>
	CA Bar Number	268432 (2009)

Lutfi Kharuf is a partner in the Special Districts and Public Finance practice groups of BBK. Lutfi works with public agencies on compliance with constitutional and statutory limitations on imposing fees, charges and taxes, including Proposition 218 and Proposition 26. In this capacity, Lutfi assists public agencies with adopting new and increased fees, charges, assessments and taxes, as well as forming community facilities districts and assessment districts. Lutfi is based in BBK’s San Diego office and serves as chair of the firm’s Recruiting Committee.

Prior to joining BBK, Lutfi worked as bond, disclosure and issuer’s counsel to cities, special districts and other public agencies in California. Lutfi has experience advising clients on complex tax, securities and constitutional issues arising out of public finance transactions. Lutfi previously worked in the corporate and finance group of an international law firm in Frankfurt, Germany.

While earning his law degree from the University of Southern California Gould School of Law, Lutfi was a member of the Hale Moot Court Honors Program. After completing law school, Lutfi received his master’s of law degree in finance from the Institute for Law and Finance in Frankfurt, Germany.

Lutfi formerly served on the Leadership Council of the GO Campaign, an organization dedicated to empowering local heroes to improve the lives of children across the globe. Lutfi is currently a board member of the San Diego County Bar Foundation, the charitable arm of the San Diego

County Bar Association, and also sits on the Legal Affairs Committee of the Association of California Water Agencies.

Shawn D. Hagerty, Partner – Water Quality

	Phone	(619) 525-1327
	Email	shawn.hagerty@bbklaw.com
	Location	San Diego
	Education	University of Wisconsin Law School, J.D. College of William and Mary, B.A., religion, <i>with honors</i>
	CA Bar Number	182435 (1996)

Shawn Hagerty works with public agencies in California and throughout the United States to solve complex legal problems, with an emphasis on federal and state water quality and water supply laws. His years of experience serving as both general and special counsel to public agencies give him a deep understanding of the best practices, trends and approaches necessary to obtain permits for, and successfully implement, small and large-scale water quality and water supply projects. Because of Shawn’s experience as a city attorney, a unique aspect of his practice is his focus on the relationship between land use and water.

Shawn’s practice involves helping his public agency clients assess and comply with the numerous federal and state water quality regulations. This includes work under the Clean Water Act, the Safe Drinking Water Act and the state equivalents to these federal laws. He advises clients regarding the obtaining of, and compliance with, National Pollutant Discharge Elimination System permits, and represents clients in administrative actions regarding such permits. His work includes stormwater permits, industrial permits (including construction), permits for publicly owned treatment works, water supply permits and 404 permits/401 certifications. It also includes related work triggered by the Endangered Species Act and other federal and state environmental laws that are involved in water quality and water supply projects. Shawn works with the Environmental Protection Agency and state water quality officials on these matters.

In addition to his water quality and water supply experience, Shawn provides both general and special counsel services to California cities and public agencies regarding general governance and land use issues. Since 2003, Shawn has served as city attorney for the City of Santee, Calif. Since 2009, he has also served as corporate counsel to Civic San Diego, a nonprofit corporation that provides permitting, economic development and project management services to the City of San Diego in specific portions of the City. As counsel to these and other California entities, Shawn has developed experience in governance and land use matters applicable to California cities and public agencies.

Shawn is president of the City Attorneys Association of San Diego. He has taught land use and planning classes at the University of California, San Diego Extension, and presents at seminars for organizations such as the California Stormwater Quality Association, the National Association of Clean Water Agencies, the International Municipal Lawyers Association, the Texas City

Attorneys Association, the Association of California Water Agencies, the California County Counsels Association, the Association of Environmental Professionals and other planning organizations.

Rebecca Andrews, Partner – Water Quality

Phone	(619) 525-1392
Email	rebecca.andrews@bbkllaw.com
Location	San Diego, Houston
Education	University of San Diego, J.D., <i>magna cum laude</i> , <i>Order of the Coif</i> Emory University, M.Div., <i>magna cum laude</i> Seattle Pacific University, B.A., <i>magna cum laude</i>
CA Bar Number	272967 (2010)

Rebecca Andrews works with public agencies in Texas, California and throughout the United States to address complex environmental, land use and telecommunications problems. Her experience as general and special counsel to public agencies gives her a deep understanding of the demands on public agency resources.

Rebecca represents public agencies in environmental matters related to wastewater, stormwater, land use and property development. Her practice focuses on Clean Water Act sections 402 and 404, the Safe Drinking Water Act, the state equivalents to these federal laws and related work triggered by the Endangered Species Act, flood control and surface and groundwater remediation requirements.

Rebecca advises clients on negotiating, obtaining and complying with permits, including EPA- and state-issued stormwater permits, industrial and construction permits, wastewater permits for publicly owned treatment works and CWA section 401 water quality certifications, as well as U.S. Army Corps of Engineers-issued CWA section 404 dredge and fill permits and Rivers and Harbors Act section 10 permits. She advises water supply, wastewater treatment and stormwater management agencies on emerging contaminants of concern, such as PFAS/PFOA, establishing regulatory compliance programs, developing and implementing total maximum daily loads (TMDL), enforcing local environmental codes and taking and defending administrative enforcement actions and citizen suits. Representative water quality matters include:

- Advising cities on establishing and enforcing municipal setting designation programs
- Advising flood control districts on state and federal requirements associated with large flood control projects
- Defending clients in enforcement actions brought by state and federal regulatory authorities for alleged violations of the water quality regulations
- Representing clients as parties and amicus before state and federal courts in Clean Water Act citizen suits and challenges to the NPDES permits
- Preparing comments and testifying before regulatory agencies during NPDES permit development, rulemakings and enforcement actions

- Advising public agencies and private clients on compliance with water quality regulations
- Advising cities and special districts on the development and use of recycled water, including ownership issues and responses to drought and flooding conditions
- Assisting public agencies with the establishment and modification of regulatory compliance programs, including administrative and civil enforcement of environmental regulations
- Preparing an expert report on regulatory compliance benefits of patented technology in a patent infringement lawsuit resulting in a \$12.5 million jury award

While in law school at the University of San Diego School of Law, Rebecca was a member of the *San Diego Law Review*, a teaching assistant for property classes and a member of the appellate litigation team. Upon graduation, she was inducted into the Order of the Coif and received a pro bono service award for her volunteer work during law school. Rebecca graduated first in her class from Emory University with a Master of Divinity. She earned two fellowships to study at the Universität Göttingen in Germany while working on her master's degree. She is admitted to the U.S. District Court for the Southern District of California.

Joseph R. Sanchez, Partner – Labor and Employment

Phone	(619) 525-1372
Email	joseph.sanchez@bbklaw.com
Location	San Diego
Education	University of San Diego School of Law, J.D. Southwestern University in Georgetown, TX., B.A., history and sociology, <i>magna cum laude</i>
CA Bar Number	186622 (1996)

Joey Sanchez advises clients on a variety of labor and employment issues including collective bargaining, employee discipline and termination, family medical leave laws, wage and hour issues, disability leaves, equal employment opportunity laws and federal transit labor law.

Joey has significant experience in representing public agencies as labor counsel. Prior to joining BBK, Joey served as lead labor counsel for the City of San Diego and represented the City in negotiating with its five labor unions. He represents numerous special districts, cities, schools and other public agencies in a broad range of labor and employment issues, including policies and procedures, employee discipline, employee leave, collective bargaining, wage and hour, Equal Employment Opportunity Commission (EEOC) laws, administrative hearings and Peace Officer Bill of Rights/Firefighter Bill of Rights.

Joey also serves as lead labor negotiator for several public agencies. He has significant experience representing districts in administrative proceedings, including successfully defending unfair labor practice charges before the Public Employment Relations Board and in grievance arbitrations and mediations. He also has experience responding to complaints made to the EEOC and Department of Fair Employment and Housing office. Joey can provide representation in all matters of labor relations, personnel administration and collective bargaining.

Shauna Amon, Associate – Labor and Employment

	Phone	(619) 525-1311
	Email	shauna.amon@bbklaw.com
	Location	San Diego
	Education	University of San Diego School of Law, J.D. <i>summa cum laude</i> , Order of the Coif University of San Diego, B.A., communications
	CA Bar Number	312883 (2016)

Shauna Amon is a member of BBK’s Labor & Employment practice group in the firm’s San Diego office. Shauna represents both private and public employers in a broad range of employment matters, ranging from personnel management to compliance with the ever-changing state and federal employment laws, including discrimination laws, medical leave laws, the Americans with Disabilities Act and the Fair Labor Standards Act.

Shauna also advises clients on employee handbooks and employment policies related to harassment, wage and hour issues, workplace violence, privacy concerns, discipline and termination and has conducted harassment and other workplace investigations. In addition to this work, Shauna also has experience with employment litigation in the areas of harassment, wrongful termination, and retaliation and discrimination based upon gender, race, national origin, age and disability.

Shauna participates as a speaker in labor and employment seminars, speaking mainly on issues of personnel management. Shauna also regularly conducts seminars and mandatory harassment avoidance trainings for both supervisors and non-supervisors.

While attending law school, Shauna was a law clerk at the Chula Vista City Attorney’s Office, an intern at the United States Attorney’s Office Southern District of California and an extern for U.S. Magistrate Judge for the Southern District of California Ruben B. Brooks.

VI. SIZE, STRUCTURE AND LOCATION OF FIRM

BBK is a limited liability partnership that has been in business for more than 130 years. We are a full-service law firm with 250 attorneys in offices throughout California and in Oregon, Texas and Washington, D.C. We deliver effective, timely and service-oriented solutions to complex legal issues facing public agencies, businesses and individuals across the U.S. and internationally.

Our large public agency practice means that we work for the public interest and on many of the most challenging issues our society faces today. A nationally recognized leader in municipal and environmental law, we efficiently, intelligently and meaningfully assist our public agency clients with complex, multidisciplinary issues and provide creative solutions.

While our scope of practice is national, serving California communities is where we started and our commitment to these communities is unwavering. The breadth of our experience in California means that we are well-versed in the particular challenges and concerns that our big state’s numerous regions face. We bring the same service and level of commitment to all of our clients, from the largest cities such as Los Angeles and San Francisco, to our northern counties, the Sacramento Valley, our desert and mountain communities and our coastal communities.

We have the experience the District needs in addressing issues vital to your region. We have provided both general and special counsel legal services to numerous municipalities and special districts located in the Central Coast region, including:

• Blochman Union School District	• County of Monterey
• Cachuma Resource Conservation District	• County of San Luis Obispo
• Carmel Area Wastewater District	• Cuyama Community Services District
• City of Arroyo Grande	• Goleta Cemetery District
• City of Carmel-by-the-Sea	• Goleta Union School District
• City of Carpenteria	• Hope Elementary School District
• City of Goleta	• LAFCO of Monterey County
• City of Guadalupe	• Lompoc Unified School District
• City of Monterey	• Monterey County Schools Insurance Group
• City of Pacific Grove	• Monterey One Water
• City of Santa Barbara	• Monterey Regional Waste Management District
• Carpenteria Unified School District	• Santa Ynez River Water Conservation District #1
• Cayucos Elementary School District	• Soledad Community Health Care District
• Coast Unified School District	• Upper Salinas Las Tablas Resource Conservation District

VII. PROPOSED FEE ARRANGEMENT

A. Hourly Rates

General Counsel Hourly Rates

BBK recognizes the need to keep legal costs under control. We have a longstanding commitment to the affordable delivery of legal services to municipalities and public agencies. Given the depth and breadth of our experience, we often get the job done in much less time, resulting in lower costs. In addition, BBK partners are thoughtful of staffing routine tasks to associates and paralegals, when appropriate, who are billed at much lower rates for cost considerations.

Basic legal services include all services that are not otherwise specifically identified below as either Special Legal Services or Third Party Reimbursable Legal Services, and are billed as follows:

Personnel	Hourly Rate
Partners and Of Counsel	\$350 per hour
Associates	\$300 per hour
Paralegals and Law Clerks	\$190 per hour

Public Records Act / Advanced Records Center (ARC)

For Public Records Act services from our specialized Advanced Records Center (ARC) Team, BBK proposes the following low, blended rate:

Personnel	Hourly Rate
ARC Team (Attorneys, Paralegals, Law Clerks and Analysts)	\$250 per hour

Special Counsel Hourly Rates

For specialized legal services as listed below, BBK proposes the following rates in the event the District may have need:

Personnel	Hourly Rate
Partners and Of Counsel	\$385 per hour
Associates	\$345 per hour

Personnel	Hourly Rate
Paralegals, Law Clerks and Analysts	\$190 per hour

Special Counsel services include, but are not limited to, these areas of law:

- A. Litigation and formal administrative or other adjudicatory hearing matters
- B. Labor relations and employment matters, including employee benefits
- C. Real estate matters
- D. Land acquisition and disposal matters (including pre-condemnation)
- E. Taxes, fees and charges matters
- F. Public works contracting/bidding disputes
- G. Environmental matters
- H. Water law matters
- I. Tax matters
- J. Toxic substances matters
- K. Complex public utility and telecommunication matters
- L. Renewable energy, energy efficiency project contracts, power purchase agreements
- M. Election law matters, including election law litigation
- N. Other matters mutually agreed upon between BBK and the District

B. Cost of Living (COLA) Adjustments

We are happy to discuss mutually agreed upon adjustments whenever necessary. We increase rates annually by the same percentage as the cost-of-living index provided by the U.S. Department of Labor for the local area.

VIII. ACTUAL OR POTENTIAL CONFLICTS OF INTEREST

BBK maintains a comprehensive database on client representation. Prior to accepting any representation, the database is accessed to determine whether there are any existing conflicts. Additionally, each attorney is separately emailed a description of the proposed representation and asked to comment on any potential conflicts.

While we have not identified any direct conflicts, BBK has determined that an advance water waiver will be needed from the District should this work be awarded to BBK.

IX. INSURANCE

We are able to meet the District's insurance requirements. BBK carries professional liability (errors and omissions) coverage with Lloyd's of London and certain London Companies with a total limit of liability in excess of \$1,000,000 per claim and \$2,000,000 in the annual aggregate including claims expenses. The firm also carries general liability, business automobile liability, and employer's liability insurance with standard coverage consistent with a business of our type and nature as well as workers' compensation coverage as required by law.

Steve Wagner
General Manager
Goleta Sanitary District
1 William Moffett Place
Goleta, CA 93117

Re: Proposal to Provide General Counsel Legal Services

Dear Mr. Wagner:

On behalf of Burke, Williams & Sorensen, LLP ("Burke"), I am pleased to submit this response to the Request for Proposals issued by the Goleta Sanitary District ("District"). Burke is extremely interested in the possibility of providing General Counsel legal services to the District.

Founded in 1927, Burke is a diverse, dynamic, and preeminent public law firm. For nearly 100 years, the representation of public agencies has been the cornerstone of Burke's legal practice. The firm currently serves the legal needs of over 200 local governmental entities, including cities, counties, joint powers authorities, and water and school districts. We take pride in our long-standing tradition of providing excellent legal services at reasonable rates and believe our team at Burke offers the depth, expertise, and commitment that the District seeks from its counsel. Ours is a rich tradition of providing high quality advice and services to public agencies. We are prepared to work closely with you in budgeting, performing, reporting on, and updating the legal services you need.

As described in the attached materials, we propose that partners Karl H. Berger serve as General Counsel and Brian A. Pierik as Assistant General Counsel.

Steve Wagner
Goleta Sanitary District

About Burke

For nearly 100 years, the representation of public agencies has been the cornerstone of Burke’s legal practice. Burke provides public entities with a full range of legal, advisory, transactional, and litigation services organized into nine practice groups: Public Law; Labor and Employment Law; Construction Law; Litigation; Eminent Domain; Environmental, Land Use and Natural Resources; Real Estate and Business Law; Insurance Coverage and Litigation; Intellectual Property; and Education Law. The firm’s 155 attorneys serve clients from ten offices throughout California. With regional offices in Los Angeles, the Inland Empire, Marin County, Oakland, Orange County, Palm Desert, San Diego, San Francisco, Silicon Valley, and Ventura County, as well as modern modes of communication and travel, we can easily be where our clients need us to be, when they need us to be there.

The legal environment in which public entities are required to function is both diverse and complex. Recognizing this, our Public Law Practice Group contains many sub-groups and teams allowing our attorneys to specialize in particular areas of public law while still maintaining general public law expertise. These sub-groups include, but are not limited to, the following:

Public Entity Administration and Municipal Law	Land Use and Environmental Law	Public Sector Labor and Employment
<ul style="list-style-type: none"> ▪ Open Meetings Laws (Brown Act) ▪ Public Records Act ▪ Conflicts of Interest ▪ Election Law Issues – Initiative, Referendum and Recall ▪ Public Finance and Taxation ▪ Public Works and Contracts ▪ Solid Waste Franchising ▪ Trial and Appellate Litigation ▪ Asset Foreclosure ▪ Section 1983 Civil Rights Claims 	<ul style="list-style-type: none"> ▪ Land Use Planning and Zoning ▪ California Environmental Quality Act (CEQA) ▪ Development Agreements ▪ Growth Management ▪ Historic Preservation ▪ Annexation and Incorporation – LAFCO Proceedings ▪ Redevelopment and Economic Development ▪ Endangered Species ▪ Sustainability and Green Building ▪ Water Law and Public Trust 	<ul style="list-style-type: none"> ▪ Grievances ▪ Labor Negotiations ▪ Disciplinary Hearings ▪ Personnel Advice ▪ Trial and Appellate Litigation ▪ Meyers-Milias-Brown Act ▪ Public Safety Officers Procedural Bill of Rights ▪ Title VII ▪ California FEHA ▪ ADA ▪ CalPERS (PERL, PEPRA, PEMHCA)

More than one-half of our work is for public entities and we currently serve the legal needs of over 200 governmental entities. We are frequent lecturers, speakers, and teachers to numerous associations and clients. Our public lawyers collectively have hundreds of years of experience as general and special counsel for special districts, cities, towns, counties, and other public agencies. The biographies of all of our lawyers, with descriptions of their expertise and experience, can be found on our website at www.bwslaw.com.

Primary Office Location

If selected, Burke would serve the District primarily from its headquarters office in Los Angeles where Karl Berger is based and its Camarillo office where Brian Pierik is based. Regardless of

office location, modern technologies afford us many platforms to allow contact as needed, whether by video conferencing, teleconferencing, or basic cell phone, email, or texts. The proposed team will be readily available and accessible to the District.

QUALIFICATIONS

Experience Working with Wastewater Districts

Burke attorneys serve as General Counsel for seven wastewater utilities in California and have provided legal services to water and wastewater districts and publicly owned water and wastewater utilities throughout the state. Our team has advised clients on NPDES requirements and local discharge requirements, assisted them in addressing exceedances, and successfully brought litigation against the entities causing those exceedances. We have extensive experience in the establishment and adjustment of wastewater and water rates and charges, and have assisted clients with public hearings and litigation involving Propositions 218, 26, and 13. We have experience drafting and updating ordinances to ensure our wastewater clients have the tools to address illegal connections. We have assisted our clients in addressing and remedying other inflow and infiltration issues. We have developed lateral replacement policies and assisted in the implementation of those policies. We have worked with our clients to expand their Sphere of Influence and extend their service area into areas they are best qualified to serve. We have worked with our clients to ensure that they have the appropriate property rights to properly maintain their collection system. We have litigated disputes arising out of the failure of a dual fuel internal combustion engine cogeneration system and biogas conditioning system. And we have assisted multiple clients with the development of recycled water programs and advised clients on setting prices for recycled water and on adopting recycled water rates.

Public Law

Our attorneys have experience in virtually every field of public law. This means that we are able to provide the expertise and experience needed on nearly any topic of public law that may arise, including the Brown Act, the Public Records Act, conflicts of interest, election law, tort liability, code enforcement, public finance, and rate setting. We work closely with staff in the preparation of agendas and agenda packets, including reviewing agenda descriptions for open and closed session items and preparing and reviewing agenda reports prepared by staff. We also participate in Board meetings and have substantial experience in advising public clients on meeting procedures.

Our Public Law Group keeps abreast of new cases and legislation impacting public agencies in California and routinely publishes new case alerts and legislation summaries for clients. We are also experienced in assisting public entity clients on state and local legislative efforts and are active participants in the California Association of Sanitary Agencies and the California Special District Association.

Public Works Construction

Burke's Public Law and Construction Law practice groups have significant experience in public contracting law. They have worked for over 100 public agencies and over 50 private clients. They collectively have over 70 years' experience in all phases of the construction process, including

design-bid-build, design-build, CM/GC, CMAR, construction management, and public works projects. They have assisted project owners, contractors, architects and engineers, construction managers and developers in procurement and evaluation methodologies, developing procurement documents, negotiating and drafting contracts, negotiating and administering contract claims, and developing claims avoidance and dispute resolution strategies and procedures. Construction Practice Group Co-chair Joan Cox has advised various public agencies on over \$1B in small, medium, large, and mega vertical and horizontal construction projects over the last 25 years. Joan and her Construction Law partners lecture in professionally certified continuing education programs, including courses in Public Contract Code Requirements and Competitive Bidding in California, as well as Construction Contracting for Public Entities.

Our construction attorneys have significant experience negotiating, drafting, and reviewing contracts for public agencies including contracts for public works projects, maintenance contracts, contracts for goods and services, consultant contracts, leases, license agreements, agreements with other public entities, construction and architectural agreements, and other types of contracts. Burke attorneys also have substantial experience in public works contracts, including advice and consultation on preparation of bid documents, review and analysis of bids, evaluation of bid protests, construction management issues, construction claims, surety issues, liquidated damages, stop notices, change orders, extra work and delay claims, and trial. Our public works projects include transit maintenance facilities, structures and buildings, roads and bridges, city halls, police stations, fire stations, water lines, sewer lines, electrical lines, gas lines, cable work, water treatment plants, water pump stations, water canals, desalter plants, sewer treatment plants, sewer lift stations, energy facilities, and drainage projects.

Clean Water Act

Burke attorneys have relevant experience under the Clean Water Act. We have represented numerous clients, both private and public, regarding compliance with Clean Water Act water discharge and storm water runoff requirements. We have assisted our clients in obtaining the required NPDES permits for their treatment facilities and obtaining permits under Section 404 of the CWA. We also routinely defend clients in enforcement actions related to SSO's brought by governmental entities and, more commonly, by NGO's such as San Francisco Bay keeper and California River Watch. We have developed good working relationships with those organizations and are frequently able to constructively negotiate early consent decrees, which save our clients significant fees and expenses. We have also represented clients who have been criminally charged under the Clean Water Act for making false representations about a discharge.

Real Property and Easements

Burke attorneys regularly represent public agencies throughout California in connection with real estate and development matters including entitlement, due diligence, title and survey review, negotiation and drafting of leases, licenses, easement agreements, exclusive negotiating agreements, purchase and sale agreements, ground leases, statutory development agreements, disposition and development agreements, and matters relating to hazardous materials/Brownfields remediation. Burke attorneys offer a broad range of knowledge and experience that enables us to effectively negotiate and document all forms of real estate transactions, and to protect and enforce our clients' interests in litigation when called upon.

Rates, Fees, and Charges

Burke attorneys have extensive experience in assisting public agencies with their adoption of water, sewer, and storm-water rates and impact and capacity fees. We are well versed in the constitutional and statutory requirements governing the calculation, adoption, and implementation of rates, fees, and charges, and have guided dozens of public agencies throughout that process.

In addition to advising on taxes, fees and assessments for ongoing operations and maintenance, our experience covers the financing of nearly every type of project, including water and sewer system improvements. We provide advice on financing mechanisms for projects including public private partnerships as well as procurement approaches to minimize risk including design-build and construction manager at risk. We advise on the creation of all types of financing districts — assessment districts, community facility districts (including Mello Roos districts), joint powers authorities, and more as well as the authority of such districts to access public funding through revenue raising measures and borrowing, as well as landowner–voter and registered–voter elections for these types of special districts. We also assist in shepherding through the elections process revenue measures that require voter approval including coordinating with staff and public communications consultants to ensure that the public agency is able to conduct a lawful educational campaign.

Supervision of Litigation and Risk Management

Burke is capable of handling nearly all of a public entity's litigation needs. Having both public law and litigation acumen “under one roof” affords Burke the opportunity to tailor its litigation services to better meet the particular needs of its municipal clients and promotes more effective litigation management. Defense of municipal clients often entails detailed knowledge of statutory immunities and pre-litigation notice and claims requirements. Burke’s vast experience in these areas enables it to draw upon prior work product to provide more efficient and successful solutions for its clients statewide.

We believe in taking a pro-active role in handling claims for the public entities we represent. It is our experience that training staff on methods to avoid litigation, early recognition of liability exposure through evaluations, incident reviews prior to the receipt of claims and lawsuits, and review of settled and resolved claims with involved staff and management to enhance “best practices,” are all elements that have reduced the possibilities and instances of litigation.

We also believe in keeping management and governing boards fully informed as to the status of claims and in providing early advice on whether settlement is advisable. If a matter should be settled, then that decision should be reached as soon as possible before thousands of dollars have been spent in legal defense costs.

Once matters are in litigation, we take a hands-on approach by personally investigating incident or accident sites with agency staff and claims administrators, as well as developing a comprehensive litigation approach to minimize legal costs while providing an aggressive defense of our clients. We have worked with many public joint powers insurance authorities (CJPIA, etc.) as well as private insurers, and are experienced with handling claims in a manner meeting strict claim administration requirements. We pride ourselves on regular and effective communication

with our clients to meet their needs throughout all aspects of litigation. Most of all, we pride ourselves on winning cases and on good results.

Burke's clients know they can rely on a deep bench of experienced trial attorneys and public agency advocates who have extensive expertise in both federal and state courts, administrative and governmental agency proceedings, arbitrations, and appeals. Our trial and appellate attorneys competently handle virtually any litigation that arises.

We have, time and time again, achieved superb results for our clients, through dismissals (e.g., demurrer, summary judgment), trial verdicts and appellate decisions. Collectively, our entire team has handled several hundred cases in state and federal court, and has tried over one hundred cases. In addition, we routinely handle appeals in state and federal court. In cases where litigation is unavoidable, our familiarity with each of our public agency clients' needs and operations, including their organizational structure and governance, assists in formulating overall defense strategies, allowing us to provide focused and effective assistance. Our approach to the litigation process narrows risk, eliminating issues and entire actions through targeted and effective motions and tactics. If we ultimately have to try a matter, we have an outstanding record of success.

APPROACH AND METHODOLOGY

The attorneys at Burke are experts at providing the legal services expected for public entities. We will provide oral and written legal advice to the Directors and District staff; review and prepare ordinances and resolutions; review and prepare contracts; assist staff in the preparation of staff reports; review CEQA documents and other environmental documents; handle most types of litigation; and keep the District abreast of new legal developments. We routinely advise our clients regarding the Brown Act; conflicts of interest; election issues; public works construction contracts; first amendment issues; NPDES compliance; development agreements; personnel matters; land use issues; and the myriad of other issues that a public entity may encounter. In addition, we offer training to our clients regarding the Brown Act; ethics (including AB 1234); and "good practices" for governance.

We are committed to the highest standards of professional ethics and competency. Burke understands that our clients are public entities and Burke attorneys hold themselves to the highest ethical standards expected by the public which we serve.

Our philosophy of the General Counsel's role is simple: we are attorneys, not policymakers. While we provide objective and clear legal advice to elected and appointed decision-makers, we do not meddle with managing the District. Moreover, we do not "play politics"; we provide the same objective legal advice to all five elected officials.

Our billing practices are designed to provide GSD with the best legal services at the lowest cost. The General Counsel will typically assign a unique billing code for large-scale projects to ensure that GSD can recover costs – when possible – or track legal costs for budgeting purposes. We believe these methods meet our clients' expectations as to costs, but we are also receptive to alternate billing procedures. We prepare monthly itemized statements as a routine practice. We also prepare annual audit letters upon request of our existing public clients and will promptly respond to and cooperate with any audits conducted by GSD.

PROPOSED TEAM

While the full roster of Burke attorneys will be available to the District for matters that may arise, Burke assembled the following team to assist the District as General Counsel. The broad depth of Burke's practice groups allows it to assist Goleta Sanitary District on virtually every legal issue that may confront the District. This provides GSD with the ability to keep most legal work "in house" with lawyers who know each other and have worked with each other for many years, and avoids the need to retain outside law firms who may not have a full understanding of GSD. Our holistic approach ensures that the General Counsel will be fully apprised of all legal issues impacting the District and intimately involved in crafting the appropriate response.

Burke proposes Karl H. Berger to serve as General Counsel for the District and Brian A. Pierik to serve as Assistant General Counsel. Karl will be our primary point of contact between the District and Burke and will be responsible for implementing the directives of the District. In the event that Karl is unavailable, Brian will serve as back up. Karl will work directly with the Board and the General Manager to maintain the timeliness, quality, and cost effectiveness of the legal services provided by Burke. To ensure clear lines of communication, Karl will keep track of all work assigned to the firm by GSD and work with Burke's lawyers and the District to set realistic deadlines in conformance with GSD's needs and desires.

A summary of our team's qualifications is set forth below. Full resumes are included as Attachment A.

Karl H. Berger – Proposed General Counsel

Karl H. Berger is the City Attorney for the cities of Bellflower and Monterey Park; he is also the Assistant City Attorney for the city of Santa Clarita. Karl was appointed General Counsel for the Carpinteria Sanitary District in March 2021. Until January 2021, he also served as General Counsel for the Montecito Sanitary District in Santa Barbara County; he previously served as General Counsel for the Lamont Public Utility District ("LPUD") in Kern County. Karl currently provides special counsel services for the cities of Atascadero, Carmel-by-the-Sea, and Brentwood.

Between 2003 and 2012, Karl served as City Attorney for the City of Santa Paula; he served as Acting City Attorney for the City of Port Hueneme between 2016 and 2017. Previously, Karl was Assistant City Attorney for the cities of Camarillo, and San Buenaventura; and Deputy City Attorney for the City of Port Hueneme from 2002 to 2017. He also served as an attorney in the El Cajon City Attorney's office.

Karl has practiced government law since his admission to the California Bar in 1995. Accordingly, he is well-versed with those laws that affect public entities on an ongoing basis including, without limitation, the Ralph M. Brown Act; California Public Records Act; California Political Reform Act; Government Claims Act; Constitutional law; public contracting laws; elections laws; CEQA; the Subdivision Map Act; the Permit Streamlining Act; and other, similar, laws regulating public entities.

In the past four years, Karl advised the cities of Bellflower and Monterey Park regarding the transition from at-large elections to district elections. In Bellflower, this was accomplished via a settlement agreement and ballot measure; in Monterey Park it was accomplished by ordinance.

During Karl's tenure in Santa Paula, he was instrumental in negotiating a settlement with the Regional Water Quality Control Council, Los Angeles Region, regarding \$8.6M in fines accrued by the City for discharge violations occurring between 2000 and 2006 (see *People v. City of Santa Paula*, Ventura County Superior Court Case No. 56-2007-00304441- CU-MC-VTA, entered September 24, 2007). Karl was able to negotiate a final consent judgment with the Regional Council which allowed the City to apply the bulk of the fines toward construction costs of a new water recycling facility ("WRF") in the City.

Constructing the WRF was also novel as it involved one of the first public/private partnerships for a design-build-operate-finance project in Ventura County.

Among other things, Karl assisted LPUD with its Proposition 218 process for raising water and wastewater rates. These had not been increased for more than a decade. While he resigned as General Counsel in 2019, Karl continues to assist LPUD as special counsel.

In 2019, Karl was asked to become MSD General Counsel. During the time he was General Counsel, Karl modernized MSD's contracting practices; Board governance; and advised the Board regarding MSD's cooperative project with the Montecito Water District for recycled water.

During his career, Karl was involved in a number of civil cases involving various matters including, without limitation, election laws; public works contracts; telecommunication franchises; Pitchess motions; Government Claims Act; and land use. Published cases include *City of Santa Paula v. Narula* (2003) 114 Cal.App.4th 485 and *We Care-Santa Paula v. Herrera* (2006) 139 Cal.App.4th 387.

To date, one of Karl's more outstanding accomplishments was his role in the reopening of a community hospital in Santa Paula (see *In re Santa Paula Memorial Hospital, Debtor*, United States Bankruptcy Court, Central District of California, BK No. NE 03-1354- RR). After declaring bankruptcy, the Santa Paula Memorial Hospital closed in 2003. Following protracted negotiations with the Hospital's creditors, the County of Ventura, and a private developer, the Santa Paula City Council could implement a plan proposed by Karl which resulted in the Hospital reopening under the ownership and operation of Ventura County. As one commentator observed, this occurrence "happens about as frequently as the ... parting of the Red Sea."

Karl is a member of the Legal Advocacy Executive Committee with the League of California Cities. He also served on the Housing, Community & Economic Development Policy Committee with the League of California Cities. In addition, he is a contributing author for Institute for Local Government, Charter City Project and the Municipal Law Handbook. In 2006, 2007, and 2008, Karl was recognized as a "Rising Star" by Super Lawyer Magazine.

Karl is a member of the California State Bar; his previous memberships include the Ventura County Bar Association; the Tri-Counties Local Government Attorneys' Association; and the City Attorney's Association of Los Angeles County. He earned a B.A. (1991) from the University of California at Davis and a J.D. (1995) from Creighton University School of Law.

Brian A. Pierik – Assistant General Counsel

Brian Pierik is a member of the firm's Public Law, Litigation, and Construction Practice Groups and is a principal of Burke. Brian is the City Attorney for the cities of Carmel-by-the-Sea, Atascadero, and Pacific Grove. He is also General Counsel for the San Luis Obispo Local Agency Formation Commission.

From May 2001 to January 2023, Brian served as the City Attorney for the City of Camarillo and as General Counsel for the Camarillo Sanitary District. Brian also has experience with wastewater treatment in the City of Atascadero in his capacity as City Attorney since November 2007.

In addition to advising public agencies in transactional matters, Brian has extensive litigation experience in successfully representing public agencies throughout California in multiple areas of municipal law including public works, contracts, land use, elections, land movement, real property, CEQA, Brown Act, eminent domain, environmental contamination (CERCLA, RCRA), civil rights, inverse condemnation, employment, dangerous conditions of public property and many other areas of municipal law.

Brian has substantial experience in public works contracts including, advice and consultation on preparation of bid documents, review and analysis of bids, evaluation of bid protests, construction management issues, surety issues, liquidated damages, stop notices, change orders, extra work and delay claims, and trial. The types of public works projects in which Brian has experience include transit maintenance facilities, structures and buildings, roads and bridges, city halls, police stations, fire stations, water lines, sewer lines, electrical lines, gas lines, cable work, water treatment plants, water pump stations, sewer treatment plants, sewer lift stations, energy facilities, and drainage projects. Brian has written and presented papers to the City Attorneys' Department of the League of California Cities and the Public Works Officers Institute.

City of Bellflower Jeff Stewart, City Manager 562.804.1424 jstewart@bellflower.org	City Attorney.
City of Monterey Park Ron Bow, City Manager 626.307.1255 rbow@montereypark.ca.gov	City Attorney.

RATES

We believe that the rates quoted below are reasonable and competitive.

Hourly Rates

Staffing	Hourly Rate
General	\$265
Litigation	\$350
Reimbursable Special Services	\$400

Adjustments

The rates for legal services quoted in this proposal will remain in effect for the first year of the contract. Thereafter, unless otherwise negotiated, rates will be adjusted annually equal to the greater of the average Consumer Price Index for the previous four quarters or any across the board salary increase granted to represented management personnel within the district, whichever is greater.

Reimbursements

We routinely charge our clients for our direct out-of-pocket expenses and costs incurred in performing the services. These costs and expenses commonly include such items as reproduction of documents, facsimile, mileage reimbursement for travel at the IRS approved rate, and other costs reasonably and necessarily incurred in performing services for the District. We do not charge a service fee or overhead for cost reimbursement items. We also do not charge for computer or word processing time. Reimbursement amounts may be adjusted annually.

Expense	Rate
In-house reproduction charges	
black and white	20¢ per page
color	\$1 per page
Mileage	65.5¢ per mile (or current IRS rate)
Facsimile	\$1 per page
All other costs reasonably and necessarily incurred in performing services for the District	at cost

Billing Format and Procedure

Bills are sent out each month invoicing charges for the prior month. Fees for our services are charged in increments of 1/10th of an hour. The bills provide a specific description of the work performed by all attorneys, the time actually spent on the work item, and the billing rate of the attorney. These bills also contain itemized descriptions of any out-of-pocket expenses incurred during the prior month.

CONFLICTS OF INTEREST

Before representation is undertaken by the firm for each new client and each additional matter for an existing client, the responsible partner must perform a conflict check and obtain the approval of the Managing Partner. The conflict check consists of a search through Burke's computerized database of billing records, client matter lists, and related names/parties to identify potential conflicts. This database is regularly and routinely updated. The responsible partner is provided with the results of this search and must then review and follow up on each potential conflict listed to determine whether a conflict has arisen under the Rules of Professional Conduct and under any special conflict rules imposed by the client. The matter is then discussed with and approved by the Managing Partner.

If a conflict of interest situation is identified involving Burke clients, Burke will notify and/or seek a waiver from the clients as required under the California Rules of Professional Conduct. If requested, Burke will assist the client in obtaining different counsel for the matter.

We are pleased to note that our search of our database for Goleta Sanitary District resulted in no known conflicts of interest.

CONCLUSION

Burke has the experience, dedication, and resources to serve the District's needs ethically, efficiently, and cost-effectively. We will be happy to provide you with any additional information you require about our firm and welcome the opportunity to meet face-to-face to discuss Burke's capabilities and readiness to represent the Goleta Sanitary District. We appreciate your consideration of our proposal.

Karl Berger's more than twenty-five years of practicing law are exclusively devoted to representing public agencies. He is the City Attorney for the City of Bellflower; the City Attorney for the City of Monterey Park; and the General Counsel for the Carpinteria Sanitary District. Additionally, Karl is the Assistant City Attorney for the City of Santa Clarita and provides regular legal services for the cities of Atascadero and Carmel-by-the-Sea.

Karl previously served as the City Attorney for Santa Paula; Acting City Attorney for the City of Port Hueneme; Deputy City Attorney for the City of Port Hueneme; Assistant City Attorney for the cities of El Segundo, Santa Clarita, and Camarillo; Assistant City Attorney for the City of San Buenaventura; and research attorney for the City of El Cajon. He previously served as General Counsel for the Montecito Sanitary District and Lamont Public Utility District.

In addition to these appointed public official positions, Karl provides special counsel services to dozens of public agencies. Most recently he was special counsel for the cities of Brentwood, Evanston, Goleta, Santa Paula and Simi Valley; he is also special counsel for the Lamont Public Utility District.

Karl is knowledgeable in a wide range of public law areas, including conflicts of interest, open meeting laws, public works contracts, redevelopment and successor agencies, personnel matters, all aspects of land use and planning laws, and CEQA.

Karl currently serves as a member of the Legal Advocacy Executive Committee. He previously served on the Housing, Community & Economic Development Policy Committee with the League of California Cities. Karl is also a contributing author for the Municipal Law Handbook (League of California Cities) and author for the Charter City Project (Institute for Local Government).

EDUCATION AND EMPLOYMENT

Brian Pierik received his Bachelor of Arts degree in Political Science from Loyola University in Los Angeles and his Juris Doctor degree from Loyola School of Law.

PUBLIC LAW

Brian is the City Attorney for the City of Atascadero, the City of Carmel-by-the-Sea, and the City of Pacific Grove. Brian is Legal Counsel for the San Luis Obispo Local Agency Formation Commission.

From May 2001 to January 2023, Brian served as the City Attorney for the City of Camarillo and as General Counsel for the Camarillo Sanitary District. Brian also has experience with wastewater treatment in the City of Atascadero in his capacity as City Attorney since November 2007.

Brian has also served as special counsel to over 40 public agencies in California in a wide range of matters including: Brown Act, Public Records Act, conflicts of interest, land use, parks, property transactions (sales, purchases, leases, easements, licenses), LAFCO, annexations, drafting ordinances, resolutions and contracts, AB 1234 training, elections, transportation; public works, airport issues, civil rights, planning, environmental, growth control, administrative law, tort and other liability, employment law, litigation, appeals, eminent domain, inverse condemnation, land movement, and many other public law matters.

Brian has written and presented papers before the City Attorneys Department of the League of California Cities, City Attorneys' Association of Los Angeles County, California Specialized Training Institute, Public Works Officers Institute, City Clerk's Department of the League of California Cities, and Southern California Water Utilities Association.

LITIGATION EXPERIENCE

Brian has successfully represented many public agencies throughout California in litigation in both the trial courts and appellate courts. Representative cases include:

Land Use: *City of Goleta v. Superior Court*, 40 Cal. 4th 270 (2006). The California Supreme Court ruled in favor of the City finding that a newly incorporated City has the authority to deny a Final Map.

Land Use: *Gong v. City of Rosemead*, 226 Cal. App. 4th 363 (2014). This is an important case for public agencies with regard to many issues including Government Code Section 815.3, the Government Code claims requirements, and the immunity provisions of Government Code Section 818.4.

Brown Act: *Taxpayers for Livable Communities v. City of Malibu*, 126 Cal. App. 4th 1123 (2005). Brian successfully represented the City at trial of this Brown Act case.

CEQA: *SCOPE v. City of Santa Clarita*, 197 Cal. App. 4th 1042 (2011). Brian represented the City at the trial on the Petition for Writ of Mandate. The trial court ruled in favor of the City and the judgment was affirmed on appeal.

CEQA: *Save Atascadero v. City of Atascadero*, 2014 WL 3105199 (July 8, 2014). Petition for Writ of Mandate challenging the City of Atascadero's approval of the Del Rio Commercial Specific Plan. The trial court ruled in favor of the City which was sustained on appeal.

CEQA: *SCOPE v. City of Santa Clarita; Vista Canyon Ranch*, 2014 WL 7204118 (2014). Petition for Writ of Mandate alleging CEQA violations by the City on a 185 acre residential and commercial project. The trial court ruled in favor of the Petitioner. On appeal, the Court of Appeal reversed the trial court decision and ruled in favor of the City.

Election Contest: *Tran v. City of Rosemead*, LASC Case No. GS 011559 (June 2009). Petition for Writ of Mandate in which Brian successfully represented the City at trial. Former Mayor John Tran alleged the City wrongfully rejected absentee ballots on the basis of signatures which did not match the voter registration signature.

Eminent Domain: *City of Santa Clarita v. NTS Systems*, 137 Cal. App. 4th 264 (2006). Eminent domain case to acquire property for the construction of a major arterial road in the City. Brian was trial counsel for the City of Santa Clarita. The trial court ruled in favor of the City and the judgment was affirmed on appeal.

PUBLIC WORKS

Brian has substantial experience in all phases public works, examples include:

Springville Interchange: Completed in 2012 on time and within budget, the Springville Interchange was constructed on U.S. 101 in the City of Camarillo at a cost \$40 million.

Camarillo Library: Opened in 2007, this new Library was a \$28 million project which came in on time and within budget, replacing the former library, and at 65,621 square feet is one of the best libraries in the State of California.

Atascadero City Hall Project: The Atascadero Historic City Hall was severely damaged in an earthquake and this was a \$33 million reconstruction project which was completed in 2015 on time and within budget.

Water Desalinization Plant: This City of Camarillo project began construction in 2019 and will be completed in 2021 at a cost of approximately \$50 million. The Plant will treat groundwater that is high in salt content in order to provide potable water for the community.

REAL ESTATE

Brian has extensive experience in real property transactions, examples include:

Sale of City Property for Hotel Conference Center: A \$70 million project in which Brian assisted with the sale of 12 acres to the developer and the contracts for public improvements.

Sale Of Rancho Simi Recreation and Park District Property: The District owned 13 acres in the City of Simi Valley that was utilized for District offices and other purposes. Brian assisted the District with sale of property for \$21 million.

Purchase: Alamos Canyon, Rancho Simi Recreation and Park District. Brian assisted Park District with the acquisition of 326 acres in Alamos Canyon for open space including 55 acres of sensitive habitat.

Sale: Former Camarillo Library. Brian assisted with the potential reuse of the former library and a proposed sale to a non-profit to construct and operate a children's museum at the site.

Purchase: Guardian Building, Rancho Simi Recreation and Park District. Brian assisted with purchase of a building on Guardian Street in the City of Simi Valley for \$9 million as the new site for District Administrative Offices, recreational facilities and maintenance facilities.

Re: Proposal for General Counsel Legal Services

Dear Mr. Wagner:

This Proposal for General Counsel Legal Services is submitted in response to the Request for Proposals (RFP) issued by the Goleta Sanitary District on May 22, 2023, soliciting proposals from qualified individual attorneys and law firms to serve as general counsel to the Goleta Sanitary District (the "District").

My name is Peter Candy, and I am a partner in the law firm Hollister & Brace, located in downtown Santa Barbara. I was admitted to practice law in the State of California in 1990, and have practiced law continuously in the State since that date. My legal practice over the years has focused primarily on land use, natural resource, and environmental law. I am a member in good standing with the State Bar of California, and have more than five (5) years' experience providing general and special counsel legal services to special districts and other local public agencies. A copy of my CV/Biography detailing my education, background, and general professional experience is provided as Attachment A.

The following summarizes my qualifications and experience related to the services described in the RFP, and responds to the additional information sought:

I. QUALIFICATIONS & EXPERIENCE

A. General Counsel, Ojai Basin Groundwater Management Agency

I currently serve as general counsel to the Ojai Basin Groundwater Management Agency (OBGMA), a position held since March of 2016. The OBGMA was created in 1991 in the fifth year of a drought amidst concerns of local water agencies, water users, and well owners that the

Steve D. Wager, PE
General Manager / District Engineer
Goleta Sanitary District
June 14, 2023
Page 2

Ojai Valley Groundwater Basin was experiencing critical overdraft. Pursuant to its enabling legislation (SB 534, October 1991), OBGMA is responsible for managing the supply and demand of the Ojai Valley Groundwater Basin for the protection and common benefit of all agricultural, municipal, and industrial users of the Basin water supply.

There are five seats on the OBGMA Board of Directors, which are filled by representatives from the City of Ojai, Casitas Municipal Water District, Ojai Water Conservation District, Casitas Community Facilities District, and one director elected to represent three local mutual water companies. OBGMA employs a General Manager and several administrative staff. In compliance with the Sustainable Groundwater Management Act of 2014, OBGMA has adopted a Groundwater Sustainability Plan to guide its basin management operations. Elements of the Groundwater Sustainability Plan are implemented in the form of policies, rules, regulations, and ordinances.

In my role as general counsel, I provide advice, recommendations, opinions, and necessary legal services related to all matters which may arise in connection with OBGMA's operations. I prepare, review, and oversee the adoption of ordinances, resolutions, and policies. I prepare and review legal notices, agendas, contracts, and other legal documents related to the conduct of OBGMA business. I advise the Board on matters concerning the exercise of its basin management responsibilities, including application and enforcement of the agency's rules and regulations. I provide the Board input and advice on a broad range of governmental issues, including the Ralph M. Brown Act, Public Records Act, Political Reform Act, California Environmental Quality Act (CEQA), and general public sector law.

The billable time I spend as general counsel on legal work for the OBGMA has averaged approximately 10-12 hours per month over the past several years.

B. Special Counsel, Channel Islands Beach Community Services District

I also serve as special counsel to the Channel Islands Beach Community Services District (CIBCSD). Established in 1982, CIBCSD is responsible for providing water, sanitation, and refuse collection services to residents within a portion of the City of Oxnard, including Hollywood Beach, Hollywood-by-the-Sea and Silver Strand. CIBCSD also provides water services to the Channel Islands Harbor located in unincorporated Ventura County. CIBCSD's service area consists of approximately 535 acres and an estimated population of approximately 5,000 served via 1,900 potable service connections. The District employs a staff consisting of eight (8) individuals, including a General Manager, field staff, and office staff. The CIBCSD Board of Directors is composed of five (5) members, elected at large from among the electors of the District.

I have served as special legal counsel to CIBCSD since April 2016, advising the District on matters concerning its groundwater rights and related water entitlements. The scope of legal services include, without limitation, meeting regularly with Board members in open and closed session to provide consultation and legal advice on matters concerning CIBCSD's right to extract

Steve D. Wager, PE
General Manager / District Engineer
Goleta Sanitary District
June 14, 2023
Page 3

groundwater from the Oxnard-Pleasant Valley Groundwater Basins (OPV Basins), including efforts by the Fox Canyon Groundwater Management Agency (FCGMA) to implement a groundwater allocation program for the OPV Basins. The scope of legal services also includes representation of CIBCSO as counsel of record in legal proceedings involving a comprehensive adjudication of groundwater rights to the OPV Basins (*OPV Coalition, et. al. v. Fox Canyon Groundwater Management Agency*), Case No. VENCI00555357 filed in the Santa Barbara County Superior Court.

C. Special Counsel, Port Hueneme Water Agency

I also serve as special counsel to the Port Hueneme Water Agency (PHWA), a Joint-Powers Agency that provides wholesale water service to the City of Port Hueneme, Naval Base Ventura County Port Hueneme and Point Mugu, and the Channel Islands Beach Community Services District. PHWA was formed in July 1994 as a means to better manage sub-regional urban water supplies for its member agencies. The PHWA Board of Directors is composed of three City Council members from the City of Port Hueneme and two directors from CIBCSO. PHWA operates as a cost-effective, conjunctive use, wholesale water supply entity, providing its member agencies a means to reduce historical sea water intrusion along the coast, enhance fire protection services, and improve water quality.

I have served as special legal counsel to PHWA since April 2016, advising the Agency on matters concerning its water supply portfolio and related water entitlements. The scope of legal services include, without limitation, meeting regularly with Board members in open and closed session to provide consultation and legal advice on matters concerning PHWA's contractual right to receive (i) delivery of groundwater from the United Water Conservation District, and (ii) delivery of imported surface water from the Calleguas Municipal Water District. The scope of legal services also includes representation of PHWA in matters concerning the City of Oxnard, including PHWA's shared use of certain Oxnard water supply and delivery infrastructure. In addition, I serve as counsel of record for PHWA in legal proceedings involving a comprehensive adjudication of groundwater rights to the OPV Basins (*OPV Coalition, et. al. v. Fox Canyon Groundwater Management Agency*), Case No. VENCI00555357 filed in the Santa Barbara County Superior Court.

II. APPROACH AND METHODOLOGY TO PERFORMING LEGAL SERVICES

Hollister & Brace has earned a reputation for providing high-quality, practical, and cost-effective legal services. The size, flexibility, and cohesiveness of our firm enable us to respond quickly and effectively to our clients' needs. We are diligent in providing only those legal services reasonably necessary to serve our clients. We utilize associate attorneys to reduce costs when appropriate.

Steve D. Wager, PE
General Manager / District Engineer
Goleta Sanitary District
June 14, 2023
Page 4

The proper assignment of attorneys to matters is crucial to providing high quality, cost-effective legal services. I will be the attorney principally involved in providing the legal services, however, from time to time others in the firm may be as well. Hollister & Brace will dedicate the services of our associate level professionals as appropriate to achieve the best possible work product at an efficient cost. Ordinarily, only one attorney from the firm will attend meetings, review legal documents, and provide the necessary legal services. Exceptions may be trials, major hearings and other situations where the nature, magnitude or complexity of the matter merits the services of more than one attorney.

IV. SIZE AND STRUCTURE OF HOLLISTER & BRACE

Hollister & Brace is a small, boutique law firm located in downtown Santa Barbara. The firm consists of three partners, two associates, and one former partner who is now “of counsel.” Unlike larger firms with many lawyers, Hollister & Brace has a smaller and more manageable staff size. This allows us to provide a more intimate and tailored client experience, building solid relationships and providing outstanding customer service. It also allows us to provide legal services at a lower cost than larger firms, as we have fewer overhead expenses and can be more efficient with our operations.

V. PROPOSED FEE ARRANGEMENT

A. Legal Fees

Hollister & Brace (Attorneys) will charge by the hour at the rates identified in the schedule below for time that its legal personnel devote to the representation of the District. I shall be the attorney responsible for supervising the legal services provided and reviewing all bills that are sent to the District. I will also be the attorney principally involved in providing the legal services. My rate for this type of representation is \$375/hour.

From time to time, other legal personnel described in the rate schedule below may render services for the District. The legal services for those persons will be charged at the hourly rate charged by Attorneys for said person consistent with the rate schedule, based on the particular person’s level of skill and expertise. The hourly rates for me and other legal personnel may be adjusted annually during the representation tied to annual increases in the Consumer Price Index – Los Angeles Area. The District will be given 30-day written notice of any annual change in the rates applicable to the representation of the District.

Professional time is billed on the basis of 1/10 hour increments. Attorneys will send the District a statement for fees and costs incurred on a periodic basis. Attorneys’ statement shall describe the legal services and state the basis of calculation of the fee. Payment shall be due within 30 days of billing.

Schedule of Hourly Rates

Range of Rates (per/hr)

Shareholder/Partners	\$	350-375
Associates	\$	275-325
Paralegals	\$	150
Law Clerks	\$	No Charge

Secretarial and clerical time is ordinarily not charged to the client. Exceptions are for paralegal-type services or when overtime is required to accommodate the client. Clerical and secretarial overtime is not charged when incurred merely to accommodate the attorney's own schedule or workload.

Word processing services and proofreading by clerical staff are not charged to the client.

The client is not charged for the attorney's time spent preparing bills, unless related to an application to the court or third party (such as an insurance company), as when we seek reimbursement of legal expenses for the client.

B. Costs and Disbursements

Attorneys do not charge a "handling" or "administrative" fee for disbursements made on the client's behalf. Disbursements are billed at the firm's cost, with credit given for any discounts received from vendors.

Photocopying is charged at 10¢ per page. Where larger jobs are involved and time permits, documents are sent out to a lower cost commercial copying service and the client is charged at the firm's cost.

Costs of local phone calls are not charged to the client.

Long distance calls are charged at cost per published schedule of charges by destination and duration.

Use of routine office supplies are not charged to the client.

The following travel guidelines would apply:

- All travel expenses for lodging, meals and transportation will be at reasonable rates and incurred prudently.

Steve D. Wager, PE
General Manager / District Engineer
Goleta Sanitary District
June 14, 2023
Page 7

- The client will be charged the actual cost, not to exceed coach fare, for domestic air travel.
- Advance purchasing and other cost effective ways to achieve travel savings will be pursued where practicable. Any such savings will be passed on to the client.

A sample Hollister & Brace representation agreement with billing policy attached is provided as Attachment B.

V. CONFLICTS OF INTEREST

I have run a conflicts check and am not aware of any actual or potential conflicts of interest which might prevent me or Hollister & Brace from undertaking legal representation of the District.

Thank you for your time and consideration of the information provided in this response. Should you have any questions or wish to discuss the attached materials further, please do not hesitate to contact me.

Very truly yours,

HOLLISTER & BRACE

Education:

- J.D. 1990, Santa Clara University School of Law
- B.A., 1986, University of the Pacific

Memberships:

- California Bar Association (Admitted 1990)
- Santa Barbara County Bar Association

Areas of Practice:

- Land Use
- Real Estate
- Environmental
- Natural Resource
- Water
- Public Agency

Peter Candy joined Hollister & Brace in 1999. He is a partner in the firm's land use, natural resource, and environmental law practice. His client base consists of land developers, oil and gas producers, agricultural landowners, and public agencies. Mr. Candy works extensively with all aspects of land use entitlement and natural resource development law, including subdivision permitting, energy production, wetlands, endangered species, and water law.

Mr. Candy has successfully entitled numerous residential subdivisions. He is well-versed in the Subdivision Map Act permitting process, and has structured the acquisition, financing and construction of several key pieces of regional public infrastructure currently serving the Orcutt community of northern Santa Barbara County. In addition, Mr. Candy works with state and local permitting authorities on the preparation and processing of environmental impact reports, negative declarations, and other environmental documents necessary to assure compliance with CEQA.

Mr. Candy handles complex ground and surface water right disputes. He represented several prominent landowners in the decade-long adjudication of the Santa Maria Groundwater Basin. The adjudication involved competing agricultural and municipal priorities to both native and developed groundwater. Mr. Candy was one of several attorneys responsible for crafting a long-term physical solution for the Basin which now governs allocation of groundwater among competing demands. See articles: "[Allocating Safe-Yield in Overdrafted Groundwater Basins](#)," January 2016; "[Summary of the Sustainable Groundwater Management Act](#)"; updated August 2016, and "[Comprehensive Groundwater Adjudications and the Sustainable Groundwater Management Act of 2014](#)"; updated August 2016.

Mr. Candy serves as general counsel to the Ojai Basin Groundwater Management Agency. The Agency is one of fifteen special act districts created by statute to manage groundwater within its statutory boundaries. Pursuant to its enabling legislation, the Agency's mission is to preserve the quantity and quality of groundwater in the Ojai Groundwater Basin for the long-term benefit of all basin water users. Mr. Candy advises the Agency on a broad range of governmental issues, law issues, including exercise of its basin management powers and implementation of the requirements of the Sustainable Groundwater Management Act of 2014.

Mr. Candy advises his oil and gas clients regarding their underground injection and resource extraction activities. He has worked extensively with the California Division of Oil, Gas & Geothermal Resources ("CalGEM"), as well as other federal, state and local regulators on permitting issues related to onshore and offshore oil and gas projects in California. Mr. Candy has published materials and lectured on the regulatory requirements implementing Senate Bill 4 (Pavley, Chapter 313, Statutes of 2013, effective January 1, 2014) applicable to hydraulic fracturing and other forms of "well stimulation treatments" in California. On April 11, 2014, Mr. Candy testified as an oil and gas industry expert at a hearing held before the California State Assembly Select Committee on Coastal Protection discussing the status of state and federal regulatory requirements applicable to hydraulic fracturing off the California coast.

Mr. Candy is an avid ocean enthusiast and served on the Board of Trustees of the Santa Barbara Maritime Museum from 2007 through 2012. He served as President of the Board from 2010-2011.

General Manager / District Engineer
Goleta Sanitary District
One William Moffett Place
Goleta, CA 93117

Re: Representation Agreement

Dear Mr. Wagner:

On behalf of the Goleta Sanitary District you have asked the law firm of Hollister & Brace, and specifically the undersigned attorney Peter Candy, to provide general counsel legal services.

California law requires the terms of certain types of attorney representation agreements to be set forth in writing. To comply with that law and to assure that the terms of representation are clearly understood, we have prepared this letter and agree to provide legal services on the terms stated.

HOURLY FEE REPRESENTATION AGREEMENT

1. Scope of Legal Services.

The Goleta Sanitary District (“District”) retains Peter Candy and the law firm of Hollister & Brace (collectively “Attorneys”) to serve as general legal counsel to the District.

The legal services contemplated by this Agreement include but are not be limited to the following:

- Attendance at all regular meetings of the District’s Governing Board, either in person or via video conferencing.
- Attendance at special meetings of the District’s Governing Board and meetings of Board committees, as requested by the District, either in person or via video conferencing.

- Preparation or review of ordinances, resolutions, policies, legal notices, agendas, contracts, leases, real property documents, and other legal documents related to the conduct of the District's business.
- Providing the District advice, recommendations, opinions, and necessary legal services related to all legal matters which may arise in connection with the operations of the District, including the application and enforcement of the District's rules and regulations, issues pertaining to the entities that share capacity in the District's WRRF, easements and other real property issues, claims and disputes, and compliance by the District with applicable Federal, State and local laws and regulations.
- Informing the District's General Manager and Governing Board regarding pending legal actions in which the District may be involved and new developments affecting the District (e.g., proposed and enacted legislation and published legal opinions).
- Responding annually, in a timely manner, to the District's outside auditor regarding legal confirmation letters.
- Assisting the District in the selection of special counsel when needed and supervise work conducted by special counsel.
- Representing the District in legal proceedings.

2. Legal Fees.

District agrees to pay Attorneys' fees on the basis set forth in this letter. Attorneys will charge by the hour for time that their legal personnel devote to the representation of District. I will be principally involved in providing such legal services. My hourly rate for this representation is \$375.00. From time to time, other legal personnel described in the attached rate schedule may render services for the District in connection with this Agreement. When this occurs, legal services will be charged within the range of hourly rates provided in the attached rate schedule, depending on the particular person's skill level and expertise.

The hourly rates for shareholder and associate attorneys may change annually during the course of representation. The District will be given 30-day written notice of any annual change in the rates applicable to the representation. Any new rates proposed will be tied to increases in the Consumer Price Index – Los Angeles Area, and will not be charged without the District's prior written authorization.

3. Costs and Expenses.

Attorneys are authorized to incur on behalf of the District reasonable costs and expenses deemed necessary by Attorneys to perform legal services under this Agreement. Attorneys may advance payment of such costs and will bill the District for these costs and expenses periodically. The District agrees to pay for the costs and expenses as they are charged to the District. Examples of such costs and expenses include filing fees and other charges assessed by courts, process server fees, reporter's fees, expert witness fees, telephone charges, postage, copying charges, delivery charges, word processing charges, travel expenses and mileage. (See attached cost schedule for current cost charges related to use of Attorneys' supplies and equipment.)

4. Billing Practices.

Attorneys will send the District a statement for fees and costs incurred on a periodic basis. The District agrees to pay Attorneys' statement within 30 days of billing. Attorneys' statement shall describe the legal services and state the basis of calculation of the fee. Attorneys shall bill legal services in minimum units of 1/10 hours for any task.

The legal services to be rendered by Attorneys may require waiting time in court and/or travel time, both local and out of town. Attorneys will charge the District for such time at the established hourly rate. There also may be occasions when, in Attorneys' judgment, Attorneys or other legal personnel at Attorneys' office deem it necessary to confer among themselves or to have more than one attend meetings or court hearings in the discharge of legal services undertaken for the District. When that occurs, Attorneys will charge the District at the established hourly rate for each of the persons involved.

If the District fails to pay Attorneys' statement within 45 days of billing, Attorneys may withdraw from the representation by giving the District written notice of withdrawal. Acceptance of late payment by Attorneys shall not be a waiver of the District's obligation to make timely payments.

All obligations for Attorneys' fees and costs that are outstanding for a period of 30 days shall, at Attorneys' discretion, bear interest at the rate of .833% per month from the date of the original billing, for an annual interest charge of 10% per annum.

5. Duties of Attorneys to Client.

Attorneys shall be diligent and shall provide those legal services reasonably necessary to represent the District in the matters described in Section 1. Attorneys shall perform all legal work on the District's behalf efficiently and cost-effectively, utilizing associate attorneys to reduce costs when appropriate. The parties acknowledge that Attorneys' performance under this Agreement commenced on June 14, 2023.

6. Consent to Use of E-mail and Cloud Services.

In order to provide the District with efficient and convenient legal services, Attorneys will frequently communicate and transmit documents using e-mail. There are inherent risks communicating in this manner, including risks related to confidentiality and security. By entering into this Agreement, the District is consenting to such e-mail transmissions with the District, including the District's representatives and agents.

In addition, Attorneys use a cloud computing service with servers located in a facility other than Attorneys' office. Most of Attorneys' electronic data, including emails and documents, are stored in this manner. By entering into this Agreement, the District understands and consents to having communications, documents and information pertinent to the District matters stored through such a cloud-based service.

7. Disclaimer of Guarantee.

Attorneys have made no promise or guarantees to the District about the success or outcome of the representation undertaken by Attorneys on the District's behalf. Nothing in this agreement shall be construed as such a promise or guarantee. From time to time, Attorneys may state opinions concerning the outcome of any matter Attorneys may have undertaken for the District. Those statements or expressions are acknowledged to be opinions and not guarantees or promises by Attorneys of any particular outcome.

8. Discharge/Withdrawal.

The District may discharge Attorneys at any time. If the District does so, it will remain liable for all fees and costs incurred up to the date of discharge.

Attorneys may withdraw from this Agreement for good cause. Examples of circumstances constituting good cause for withdrawal include, but are not limited to the District's breach of this Agreement, or any fact or circumstance that would render Attorneys' continuing representation of the District unlawful or unethical. In the event of withdrawal for cause, the District shall be liable for all fees and costs incurred up to the date of withdrawal.

9. Closed Files.

Attorneys will store the District's files for a period of five (5) years following the conclusion of this representation, after which time the files may be destroyed. Attorneys shall provide the District ninety (90) days' written notice prior to destruction. Unless City instructs Attorneys in writing to the contrary, Attorneys may destroy the files following expiration of the ninety (90) day notice.

Mr. Steve D. Wagner, DE
General Manager / District Engineer
Goleta Sanitary District
June 14, 2023 [DRAFT]
Page 5

10. Insurance.

California law requires attorneys to disclose whether they maintain errors and omissions insurance coverage applicable to services to be rendered to a client. Hollister & Brace does maintain errors and omissions insurance coverage applicable to the services undertaken by this Agreement.

I shall be the attorney responsible for supervising legal representation of the Goleta Sanitary District and reviewing all bills that are sent to the District. If you should have any question at any time concerning the representation or the billings by our firm, please call. If the foregoing terms of this letter agreement are satisfactory, please sign the enclosed copy of this Agreement and return it to us via U.S. mail or email. Please retain the original of this letter agreement for the District's records.

Very truly yours,

HOLLISTER & BRACE

General Manager

HOLLISTER & BRACE

BILLING POLICY

January 1, 2023

FEES

1. The proper assignment of attorneys to matters is not only crucial in providing high quality legal services, but in being able to deliver services cost effectively. We will dedicate the services of our associate and senior level professionals as appropriate to achieve the best possible work product at a reasonable fee. Ordinarily, only one attorney will attend meetings, depositions and hearings. Exceptions may be trials, major hearings and other situations where the nature, magnitude or complexity of the matter merits the services of more than one attorney.
2. All fees will be charged in accordance with the Rules of Professional Conduct established by the California Supreme Court. Hourly rates typically are not the only factors considered in establishing fees for litigation, adversarial or administrative matters. Other factors include the novelty and difficulty of the issues involved, the amount in controversy and the results obtained, the urgency imposed by the client or the circumstances, and the impact that the matter has upon the firm's ability to provide services to its other clients.
3. Professional time is billed on the basis of 1/10 hour increments. Where actual time devoted to a matter is appreciably less than 1/10 hour, the effort is made to aggregate similar periods together until the time devoted reaches 1/10 hour.
4. Secretarial and clerical time is ordinarily not charged to the client. Exceptions are for paralegal-type services or when overtime is required to accommodate the client. Clerical and secretarial overtime is not charged when incurred merely to accommodate the attorney's own schedule or workload.
5. Word processing services and proofreading by clerical staff are not charged to the client.
6. The client is not charged for the attorney's time spent preparing bills, unless related to an application to the court or third party (such as an insurance company), as when we seek reimbursement of legal expenses for the client.

COSTS AND DISBURSEMENTS

1. The firm does not charge a "handling" or "administrative" fee for disbursements made on the client's behalf. Disbursements are billed at the firm's cost, with credit given for any discounts received from vendors.
2. Photocopying is charged at 25¢ per page. Where larger jobs are involved and time permits, documents are sent out to a lower cost commercial copying service and the client is charged at the firm's cost.
3. Costs of local phone calls are not charged to the client.
4. Long distance calls are charged at cost per published schedule of charges by destination and duration.

5. Use of routine office supplies are not charged to the client.
6. The following travel guidelines apply:
 - * All travel expenses for lodging, meals and transportation will be at reasonable rates and incurred prudently.
 - * The client will be charged the actual cost, not to exceed coach fare, for domestic air travel.
 - * Advance purchasing and other cost effective ways to achieve travel savings will be pursued where practicable. Any such savings will be passed on to the client.

BUDGETING

Accurately predicting the total cost of legal services (especially for litigation matters) is ordinarily very difficult, if not impossible. Nevertheless, we will try to provide a meaningful estimated range of expenses whenever requested.

CHANGES

The firm will give 30 days advance notice of substantial changes to this policy or accompanying schedules.

QUESTIONS

Questions regarding the firm's bills may be directed to the attorney responsible for the file or to the bookkeeping department at any time. Please feel free to direct questions by telephone or in writing, whichever is more convenient.

HOLLISTER & BRACE

SCHEDULE OF PREVAILING HOURLY RATES

January 1, 2023

	<u>Range of Rates (per/hr)</u>	
Shareholders	\$	350-375

Secretarial Overtime 60.00/hour*

* Not charged unless overtime required to accommodate client.

GENERAL MANAGER'S REPORT

GOLETA SANITARY DISTRICT GENERAL MANAGER'S REPORT

The following summary report describes the District's activities from July 4, 2023, through July 17, 2023. It provides updated information on significant activities under three major categories: Collection System, Treatment/Reclamation and Disposal Facilities, and General and Administration Items.

1. COLLECTION SYSTEM REPORT

LINES CLEANING

Staff has been conducting priority areas lines cleaning through-out the District.

CCTV INSPECTION

Staff continues with routine Closed-Circuit Television (CCTV) inspections in the area of Hollister Avenue and Turnpike Road.

GREASE AND OIL INSPECTIONS

Staff continues with Grease and Oil Inspections through-out the District.

REPAIR AND MAINTENANCE

Tierra Contracting completed a sewer line repair on Via Regina near North San Marcos Road. This defect had been identified as a high priority repair in the asset management program. Staff replaced the starter and the battery on the CCTV truck.

SEWER SERVICE CHARGES

Staff has completed the update of the Fiscal Year (FY) 2023-24 sewer service charges. This will be presented to the Board as a separate agenda item.

CALIFORNIA WATER ENVIRONMENT ASSOCIATION (CWEA)

Staff continues assistance with the CWEA effort to update the Collection System Certification Examination questions.

2. TREATMENT, RECLAMATION AND DISPOSAL FACILITIES REPORT

Plant flows for the month of July so far have averaged 4.3 million gallons per day (MGD). That is about 1 MGD drop in flow since U.C.S.B. has left campus for the summer. The Reclamation Plant was put on line July 10, 2023. We will contact Goleta Water District as soon as we are online and producing water for them. High concentrations and loadings during the weekends continue to cause intermittent challenges and various levels of Plant interference.

The Nanobubbler has been online since February 22, 2023. We received the sample information back from the lab, and are reviewing it to integrate with the previous data points, which will give us a complete picture.

The construction phase of the Influent Pump Station Rehabilitation Project continues. The bypass is expected to remain in place through this August due to the delay in obtaining the main switchgear. The general contractor, GSE Construction and electrical subcontractor, Smith Electric continue to work on electrical improvements.

The Operations staff continues to work on cleaning up the Plant. Staff used the Vaccon to remove some of the solids out of the equalization basin.

Maintenance staff continues repairing air valves at the Lift Station, working on vehicle maintenance and flow meters, and are preparing to install the new vehicle lift in the vehicle garage. They are also preparing to install the new pump for the Nanobubbler at the Headworks and are performing general Plant maintenance.

PUBLIC EDUCATION AND OUTREACH

The Fun in the Sun Lunch Bunch activity took place on July 12, 2023 with 10 members of staff going to Hollister Elementary School to interact, play games, watch an equipment demonstration, and share lunch and stories. Everyone had a great time and looks forward to continuing this tradition.

GENERAL AND ADMINISTRATIVE ITEMS

Financial Report

The District account balances as of July 17, 2023 shown below are approximations to the nearest dollar and indicate the overall funds available to the District at this time.

Pooled Money Investment Account Monthly Portfolio Composition ⁽¹⁾ 05/31/23 \$179.6 billion

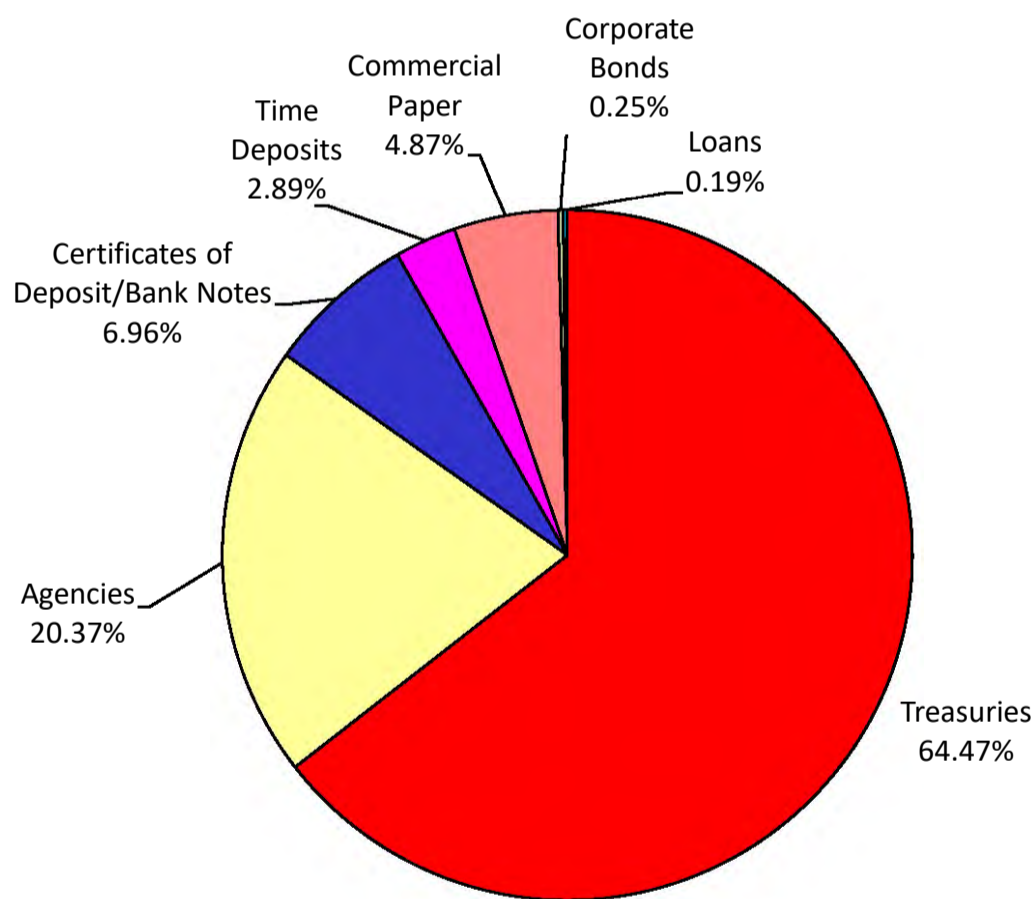

Chart does not include \$2,938,000.00 in mortgages, which equates to 0.002%. Percentages may not total 100% due to rounding.

Daily rates are now available here. [View PMIA Daily Rates](#)

Notes: The apportionment rate includes interest earned on the CalPERS Supplemental Pension Payment pursuant to Government Code 20825 (c)(1) and interest earned on the Wildfire Fund loan pursuant to Public Utility Code 3288 (a).

*The percentage of administrative cost equals the total administrative cost divided by the quarterly interest earnings. The law provides that administrative costs are not to exceed 5% of quarterly EARNINGS of the fund. However, if the 13-week Daily Treasury Bill Rate on the last day of the fiscal year is below 1%, then administrative costs shall not exceed 8% of quarterly EARNINGS of the fund for the subsequent fiscal year.

Performance results are shown net of all fees and expenses and reflect the reinvestment of dividends and other earnings. Many factors affect performance including changes in market conditions and interest rates and in response to other economic, political, or financial developments. Investment involves risk including the possible loss of principal. No assurance can be given that the performance objectives of a given strategy will be achieved. **Past performance is no guarantee of future results. Any financial and/or investment decision may incur losses.**

Performance Update

MultiFund

Quoted performance data represents past performance. Past performance does not guarantee nor predict future performance. Current performance may be lower or higher than the performance data quoted. Please keep in mind that double-digit returns are highly unusual and cannot be sustained.

Variable products are sold by prospectus. Consider the investment objectives, risks, charges, and expenses of the variable product and its underlying investment options carefully before investing. The prospectus contains this and other information about the variable product and its underlying investment options. Please review the prospectus available online for additional information. Read it carefully before investing.

Investment return and principal value of an investment will fluctuate so that an investor's unit values, when redeemed, may be worth more or less than their original cost.

* These returns are measured from the inception date of the fund and predate its availability as an investment option in the variable annuity (separate account). This hypothetical representation depicts how the investment option would have performed had the fund been available in the variable annuity during the time period. It includes deductions for the M&E charge and the contract administrative fee. If selected above, the cost for the i4LIFE® Advantage feature or a death benefit will be reflected. The cost for other riders with quarterly charges is not reflected. No surrender charge and no annual contract charge is reflected.

Performance Update

MultiFund

Risk disclosure(s): The following summarizes some of the risks associated with the underlying funds available for investment. For risks specific to each investment option, please see each fund's prospectus.

1: International

Investing internationally involves risks not associated with investing solely in the United States, such as currency fluctuation, political or regulatory risk, currency exchange rate changes, differences in accounting and the limited availability of information.

2: ESG

An environmental, social, governance (ESG) standards strategy (also referred to as engagement, green, impact, responsible, social aware, sustainable) generally prohibits investment in certain types of companies, industries and segments of the U.S. economy. Thus this strategy may (i) miss opportunities to invest in companies, industries or segments of the U.S. economy that are providing superior performance relative to the market as a whole and (ii) become invested in companies, industries and segments of the U.S. economy that are providing inferior performance relative to the market as a whole.

3: Small & Mid Cap

Funds that invest in small and/or midsize company stocks may be more volatile and involve greater risk, particularly in the short term, than those investing in larger, more established companies.

4: Macquarie Investment Management

Investments in Delaware VIP Series, Delaware Funds, Ivy Variable Insurance Portfolios, Ivy Funds, LVIP Delaware Funds or Lincoln Life accounts managed by Macquarie Investment Management Advisers, a series of Macquarie Investments Management Business Trust, are not and will not be deposits with or liabilities of Macquarie Bank Limited ABN 46 008 583 542 and its holding companies, including their subsidiaries or related companies, and are subject to investment risk, including possible delays in repayment and loss of income and capital invested. No Macquarie Group company guarantees or will guarantee the performance of the fund, the repayment of capital from the fund, or any particular rate of return.

5: Asset Allocation Portfolios

Asset allocation does not ensure a profit, nor protect against loss in a declining market.

6: Fund of funds

Each fund is operated as a fund of funds that invests primarily in one or more other funds, rather than in individual securities. A fund of this nature may be more expensive than other investment options because it has additional levels of expenses. From time to time, the Fund's advisor may modify the asset allocation to the underlying funds and may add new funds. A Fund's actual allocation may vary from the target strategic allocation at any point in time. Additionally, the Fund's advisor may directly manage assets of the underlying funds for a variety of purposes.

7: Exchange-traded funds

Exchange-traded funds (ETFs) in this lineup are available through collective trusts or mutual funds. Investors cannot invest directly in an ETF.

8: Alternative Funds

Certain funds (sometimes called "alternative funds") expect to invest in (or may invest in some) positions that emphasize alternative investment strategies and/or nontraditional asset classes and, as a result, are subject to the risk factors of those asset classes and/or investment strategies. Some of those risks may include general economic risk, geopolitical risk, commodity-price volatility, counterparty and settlement risk, currency risk, derivatives risk, emerging markets risk, foreign securities risk, high-yield bond exposure, index investing risk, exchange-traded notes risk, industry concentration risk, leveraging risk, real estate investment risk, master limited partnership risk, master limited partnership tax risk, energy infrastructure companies risk, sector risk, short sale risk, direct investment risk, hard assets sector

Performance Update

MultiFund

risk, active trading and "overlay" risks, event-driven investing risk, global macro strategies risk, temporary defensive positions and large cash positions. If you are considering investing in alternative investment funds, you should ensure that you understand the complex investment strategies sometimes employed and be prepared to tolerate the risks of such asset classes. For a complete list of risks, as well as a discussion of risk and investment strategies, please refer to the fund's prospectus. The fund may invest in derivatives, including futures, options, forwards and swaps. Investments in derivatives may cause the fund's losses to be greater than if it invested only in conventional securities and can cause the fund to be more volatile. Derivatives involve risks different from, or possibly greater than, the risks associated with other investments. The fund's use of derivatives may cause the fund's investment returns to be impacted by the performance of securities the fund does not own and may result in the fund's total investment exposure exceeding the value of its portfolio.

9: Target-date funds

The target date is the approximate date when investors plan to retire or start withdrawing their money. Some target-date funds make no changes in asset allocation after the target date is reached; other target-date funds continue to make asset allocation changes following the target date. (See the prospectus for the funds allocation strategy.) The principal value is not guaranteed at any time, including at the target date. An asset allocation strategy does not guarantee performance or protect against investment losses. A "fund of funds" may be more expensive than other types of investment options because it has additional levels of expenses.

10: Emerging Markets

Investing in emerging markets can be riskier than investing in well-established foreign markets. International investing involves special risks not found in domestic investing, including increased political, social and economic instability, all of which are magnified in emerging markets.

11: Manager of managers funds

Subject to approval of the fund's board, Lincoln Financial Investments Corporation (LFI) has the right to engage or terminate a subadvisor at any time, without a shareholder vote, based on an exemptive order from the Securities and Exchange Commission. LFI is responsible for overseeing all subadvisors for funds relying on this exemptive order.

12: Multimanager

For those LVIP funds that employ a multimanager structure, Lincoln Financial Investments Corporation (LFI) is responsible for overseeing the subadvisor(s). While the investment styles employed by the fund's subadvisors are intended to be complementary, they may not, in fact, be complementary, they may not, in fact, be complementary. A multimanager approach may result in more exposure to certain types of securities risks and in higher portfolio turnover.

13: Managed Volatility Strategy

The fund's managed volatility strategy is not a guarantee, and the fund's shareholders may experience losses. The fund employs hedging strategies designed to reduce overall portfolio volatility. The use of these hedging strategies may limit the upside participation of the fund in rising equity markets relative to unhedged funds, and the effectiveness of such strategies may be impacted during periods of rapid or extreme market events.

14: Bonds

The return of principal in bond funds is not guaranteed. Bond funds have the same interest rate, inflation, credit, duration, prepayment and market risks that are associated with the underlying bonds owned by the fund or account.

15: Sector Funds

Funds that target exposure to one region or industry may carry greater risk and higher volatility than more broadly diversified funds.

Performance Update

MultiFund

16: REIT

A real estate investment trust (REIT) involves risks such as refinancing, economic conditions in the real estate industry, declines in property values, dependency on real estate management, changes in property taxes, changes in interest rates and other risks associated with a portfolio that concentrates its investments in one sector or geographic region.

17: Cash Management Funds

An investment in Cash Management Fund is not a bank deposit and is not insured or guaranteed by the FDIC or any other government agency. Although this option seeks to preserve the value of your investment, it is not managed to maintain a stable net asset value of \$1 per share and it is possible to lose money by investing in this investment option.

18: Floating rate funds

Floating rate funds should not be considered alternatives to CDs or money market funds and should not be considered as cash alternatives.

19: High-yield or mortgage-backed funds

High-yield funds may invest in high-yield or lower rated fixed income securities (junk bonds) or mortgage-backed securities with exposure to subprime mortgages, which may experience higher volatility and increased risk of nonpayment or default.

20: Risk Management Strategy

The fund's risk management strategy is not a guarantee, and the funds shareholders may experience losses. The fund employs hedging strategies designed to provide downside protection during sharp downward movements in equity markets. The use of these hedging strategies may limit the upside participation of the fund in rising equity markets relative to other unhedged funds, and the effectiveness of such strategies may be impacted during periods of rapid or extreme market events.

21: Money Market Funds

You can lose money by investing in the fund. Although the fund seeks to preserve the value of your investment at \$1.00 per share (or, for the LVIP Government Money Market Fund, at \$10.00 per share), it cannot guarantee it will do so. An investment in the fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The fund's sponsor has no legal obligation to provide financial support to the fund, and you should not expect that the sponsor will provide financial support to the fund at any time.

22: Index

An index is unmanaged, and one cannot invest directly in an index. Indices do not reflect the deduction of any fees.

23: MSCI

The fund described herein is indexed to an MSCI® index. It is not sponsored, endorsed, or promoted by MSCI®, and MSCI®; bears no liability with respect to any such fund or to an index on which a fund is based. The prospectus and statement of additional information contain a more detailed description of the limited relationship MSCI®; has with Lincoln Investment Advisors Corporation and any related funds.

24: S&P

The Index to which this fund is managed is a product of S&P Dow Jones Indices LLC (SPDJI) and has been licensed for use by one or more of the portfolio's service providers (licensee). Standard & Poor's®; and S&P® are registered trademarks of Standard & Poor's Financial Services LLC (S&P); Dow Jones® is a registered trademark of Dow Jones Trademark Holdings LLC (Dow Jones); and these trademarks have been licensed for use by SPDJI and sublicensed for certain purposes by the licensee. S&P®, S&P GSCI® and the Index are trademarks of S&P and have been licensed for use by SPDJI and its affiliates
